Subject: Coastal Management Program Grant Amendment for FY 2001

With the endorsement of the Municipal Assembly, the Planning Department has been implementing the Anchorage Coastal Management Program for many years. The State of Alaska has provided funding to the Municipality for staff support for required Coastal District tasks under the Coastal Management Program and occasionally for additional special projects.

The State of Alaska, Department of Community and Economic Development, has recently forwarded to the Municipality a Coastal Management Program Grant amendment for FY 2001. The FY 2001 Grant amendment provides an additional \$17,500 to the Municipality to be applied to the creation of an interactive web page that addresses municipal land use and planning information (\$15,000) and the advertisement of the web page (\$2,500).

The terms and conditions of this grant amendment are the same as our standard agreement, except for the completion date for this task is March 31, 2001. The total grant amount is increased from \$38,700 to \$56,200. The municipal match is increased by \$1,750.00, from \$11,610 to \$13,360. The match for the special project is only 10 percent of the amendment amount. This match is provided through in-kind staff support from the 2001 Municipal Operating Budget from the Planning Department's Physical Planning Division (1522) and the Research and Technical Services Division (1511).
