## ASSEMBLY MEMORANDUM

AM No. 1055-2002

Meeting Date: December 17, 2002

From: Mayor

Subject: AR 2002-396 Anchorage Coastal Management Program Grant for FY 2003

For the past 22 years, with the endorsement of the Municipal Assembly, the Planning Department has been implementing the Anchorage Coastal Management Program. During this period, the State of Alaska has provided funding to the Municipality for staff support for required Coastal District tasks under the Coastal Management Program and occasionally for additional special projects. Such special activities have included wetlands mapping, wetland fill permit coordination, and land use planning for areas within Anchorage's coastal zone boundary.

The State of Alaska, Department of Community and Economic Development, has forwarded to the Municipality a Coastal Management Program Grant agreement for FY 2003. This grant covers expenditures from July 1, 2002, through June 30, 2003. The FY 2003 grant provides \$49,240 for a special mapping project and \$38,700 for the ongoing funding of wetland project review and permit coordination, field monitoring, and other activities associated with the Anchorage Coastal Management Program for a total of \$87,940.

The special mapping project is to obtain aerial LIDAR (Light Detection and Ranging) elevation data of the entire Anchorage Bowl and North Anchorage sections of the Municipality. (LIDAR is a scanning and ranging laser system that produces highly accurate and high-resolution topographic maps.)
