## ASSEMBLY MEMORANDUM

AM No. 608 -2003

Meeting Date: July 22, 2003

From: Mayor

Subject: AR 2003-241 EPA Wetlands Program Development Grant

1 The United States Environmental Protection Agency (EPA) is awarding the Municipality of  
2 Anchorage a \$59,250 grant for a watershed project entitled, "*Cumulative Impacts Assessment*  
3 *Methodology*." This methodology will provide the mechanics for measuring, summarizing, and  
4 mapping the cumulative losses and alterations of wetlands and waterbodies. The primary watershed  
5 to be studied in developing this methodology is the Chester Creek Watershed. This project relates  
6 to the Municipality's NPDES permit requirements and *Anchorage 2020* strategies for watershed  
7 management.

8  
9 The grant requires a \$19,750 match, and match requirements will be fulfilled primarily through  
10 municipal staff time spent overseeing and working with the contractor that is hired for the project.  
11 The project period is May 1, 2003, until November 30, 2003. However, the EPA was delayed in  
12 processing the grant application, and EPA indicates that a project extension will be granted to  
13 extend the project period once the grant award has been accepted by the Municipality.
