Meeting Date: September 7, 2004

Subject: Resolution No. AR 2004-227, Appropriation of National Park Service Challenge Cost Share Program for Iditarod National Historic Trail Reconstruction.

These funds will be used in the continuation of the work on the Iditarod National Historic Trail begun in 1996. Improvements in 2004 will include the construction and installation of an Iditarod Trail kiosk, the construction of an under-pass beneath Glacier Creek Bridge located along Alyeska Highway, and the construction of additional boardwalks. These recommended trail improvements have been identified in the Girdwood-Iditarod Trail Route Study, which was adopted by the Municipality of Anchorage Assembly in Resolution 97-84, April 29, 1997. The Route Study was also adopted by the Girdwood Board of Supervisors, the Municipal Planning and Zoning Commission, and the Alaska Department of National Resources, which manages lands over which part of the route passes. The need for this project is identified in the Iditarod National Historic Trail Comprehensive Management Plan (1982) and the Anchorage Area-wide Trails Plan (1997).
