ANCHORAG	NCE OF THE ANCHORAGE MUNICIPAL ASSEMBLY AMENDING E MUNICIPAL CODE SECTION 9.26.020, SETTING A MAXIMUM TON UNPAVED ROADS
THE ANCHOR	RAGE ASSEMBLY ORDAINS:
Section 1: T	hat Anchorage Municipal Code section 9.26.020 is amended to read as
9.26.02	20 Maximum limits designated.
Section this cha	when a special hazard exists that requires lower speed for compliance with 9.26.010, the limits specified in this section or established as authorized in apter shall be maximum lawful speeds, and no person may drive a vehicle at d in excess of such maximum speed limits:
	A. Fifteen miles per hour in any alley or public parking lot.
	B. Not more than 25 miles per hour on <u>paved</u> streets of less than 600 feet in total length, if determined to be warranted by the traffic engineer.
	C. Twenty-five miles per hour on all streets except as otherwise posted by the traffic engineer or the State of Alaska.
	D. Not more than fifteen miles per hour on any unpaved street except as otherwise posted by the traffic engineer or the State of Alaska.
	That this ordinance shall be effective immediately upon passage and a Anchorage Assembly.
	ED AND APPROVED by the Anchorage Assembly this day, 2005.

MUNICIPALITY OF ANCHORAGE Summary of Economic Effects -- General Government

AO Number: 2005-128

Title: AN ORDINANCE OF THE ANCHORAGE ASSEMBLY AMENDING ANCHORAGE

MUNICIPAL CODE SECTION 9.26.020, SETTING A MAXIMUM SPEED LIMIT ON

UNPAVED ROADS

Sponsor:

Assemblymember

Preparing Agency: Department of Assembly

Others Impacted:

CHANGES IN EXPENDITURES AND REVENUES:				(In Thousands of Dollars)						
	FY06		FY07		FY08		FY09		FY10	
Operating Expenditures 1000 Personal Services 2000 Non-Labor 3900 Contributions 4000 Debt Service	\$	7 88								
TOTAL DIRECT COSTS:	\$	94	\$	-	\$		\$	-	\$	
Add: 6000 Charges from Others Less: 7000 Charges to Others										
FUNCTION COST:	\$	94	\$		\$	-	\$	-	\$	
REVENUES:		·								
CAPITAL:										
POSITIONS: FT/PT and Temp										

PUBLIC SECTOR ECONOMIC EFFECTS:

According to Public Works, a speed limit adjustment would require speed limit sign change outs on unpaved streets. Traffic Engineering supplied an average cost of manufacturing and replacing an existing sign is approximately \$175 per sign on an undeterminable number of signs. The cost would be higher for a brand new sign requiring a post installation. There would also be additional labor costs for research and identification by the Safety Section engineers and technicians before the sign replacement could be implemented by the Paint & Sign Shop. According to Public Works, Because Title 9 states 25 miles per hour unless posted, every unpaved street would need to be posted and perhaps more in order for a the magistrate to be willing to uphold tickets. Public Works does not have a list of the number of unpaved roads and cannot provide how many will be required, at this time. Budget constraints prevent research into this matter.

PRIVATE SECTOR ECONOMIC EFFECTS:

There is no perceived economic effect on the private sector. The ordinance is designed to promote safety.

MUNICIPALITY OF ANCHORAGE ASSEMBLY MEMORANDUM

No. AM 672-2005

Meeting Date: September 27, 2005

From: Assemblymember Shamberg

Subject: AN ORDINANCE OF THE ANCHORAGE ASSEMBLY AMENDING

ANCHORAGE MUNICIPAL CODE SECTION 9.26.020, SETTING A

MAXIMUM SPEED LIMIT ON UNPAVED ROADS

AO 2005-128 proposes to reduce the speed limit on all unpaved roads in the Municipality of Anchorage. Many of these unpaved roads were not built to current design standards. This is especially true in the Hillside area. These roads may be steep, narrow, have sharp turns, or a combination of all of these characteristics. Shoulders may be small or non-existent. Stopping distance for a car or truck is also longer on unpaved roads than it is on pavement.

Under current code, these roads have a speed limit of twenty-five miles per hour even though it is unsafe to drive at that speed under even the best conditions. This proposed change would reduce the speed limit on all such roads unless the traffic engineer determines that a higher speed limit is appropriate.

A lower limit on these roads will improve traffic safety and have the added benefit of reducing the amount of dust in the air during the summer caused when cars and trucks travel on these roads at higher speeds. This will improve air quality throughout Anchorage. This change will also avoid the potential legal liability to the Municipality of allowing a speed limit higher than the known safe maximum speed.
