INTERGOVERNMENTAL AGREEMENT FOR  
RESPONSIBILITY OF WATER QUALITY MANAGEMENT  
WITHIN THE MUNICIPALITY OF ANCHORAGE

This Agreement, effective April 1, 2004, is made between the State of Alaska, Department of Transportation and Public Facilities (hereinafter called the State) and the Municipality of Anchorage (hereinafter call the Municipality). The State and the Municipality are entering into this Agreement pursuant to Article III § 3.01 of the Municipality of Anchorage Home Rule Charter and Article X §13 of the Alaska Constitution. Whereas Article III § 3.01 of the Municipality of Anchorage Home Rule Charter and Article X §13 of the Alaska Constitution authorize intergovernmental agreements and whereas the State and the Municipality were co-applicants to the United States Environmental Protection Agency (hereinafter called the EPA) for a NPDES Municipal Storm Water Discharge Permit (hereinafter called the Permit) and intend to coordinate their efforts in compliance with the conditions of the Permit (see attached table for division of responsibilities), and whereas the State and the Municipality intend that this Agreement set forth efforts in compliance with the conditions of the Permit, the parties agree as follows:

1. Annual payments by the State to the Municipality under this Agreement are subject to appropriation by the Alaska State Legislature.
2. The State and Municipality shall continue to design and construct their respective storm water facilities.
3. The State and Municipality shall continue to operate and maintain their respective storm water facilities.
4. The State and Municipality shall comply with Permit conditions for design, construction, maintenance, and operation of their respective separate storm sewer system facilities.
5. Construction plans developed by the State and Municipality shall continue to be reviewed by the Alaska Department of Environmental Conservations.
6. The State and the Municipality shall continue to be responsible for the general storm water management (not including design, construction, maintenance, and operation) and monitoring programs required by the Permit for their respective separate storm sewer system facilities.
7. The State will furnish information and records including electronic files to the Municipality that are necessary to provide the general storm water management and monitoring programs required under the Permit for the State separate storm sewer system facilities and for preparation of the annual report to EPA.
8. The Municipality will furnish information and records including electronic files to the State that were used to provide the general storm water management and monitoring programs required under the Permit for the State separate storm sewer system facilities and to prepare the annual report to EPA.

9. The State shall pay the Municipality under the Agreement to provide the general storm water management and monitoring programs required under the Permit for the State separate storm sewer system facilities, and the Municipality shall provide said services. The Municipality shall also prepare and submit the annual report to EPA. The State shall pay the Municipality annually the amount of \$298,704 per year with the first payment due by April 30, 2004 and subsequent annual payments being due by January 1 of each succeeding year.
10. If the State fails to pay the Municipality as required under this Agreement, the State shall provide the general storm water management and monitoring programs required under the Permit for the State separate storm sewer system facilities and prepare the annual report to EPA for said system.
11. The Municipality shall ensure that none of the funds paid under this Agreement will be used for the purpose of lobbying activities before the Alaska State Legislature.
12. The State and the Municipality shall review this intergovernmental agreement each year and renew this agreement every five years.

In witness whereof, the parties hereto have executed this agreement.
