CLERK'S OFFICE

APPROVED

ANCHORAGE, ALASKA

Date: 11-1-05

No. AR 2005- 280

1 A RESOLUTION OF THE MUNICIPALITY OF ANCHORAGE APPROPRIATING THIRTY-
2 SIX THOUSAND DOLLARS (\$36,000) AS A GRANT FROM THE U.S. DEPARTMENT OF
3 THE INTERIOR, U.S. GEOLOGICAL SURVEY, TO THE FEDERAL GRANTS FUND (241)
4 FOR ACQUISITION OF HIGH RESOLUTION ORTHOIMAGERY OVER ANCHORAGE,
5 ALASKA.

6
7 THE ANCHORAGE ASSEMBLY HEREBY RESOLVES:

8
9 Section 1. That a sum of THIRTY-SIX THOUSAND DOLLARS (\$36,000), received from the U.S.
10 Department of the Interior, U.S. Geological Survey, is hereby appropriated to the Federal Grants
11 Fund (241), Information Technology Department for acquisition of high resolution orthoimagery
12 over Anchorage, AK.

13
14 Section 2. This resolution shall take effect immediately upon passage and approval by the
15 Anchorage Municipal Assembly.

16
17 Passed and approved by the Anchorage Assembly this 1st day of November, 2005.

Municipality of Anchorage

ASSEMBLY MEMORANDUM

No. AM 797 -2005

Meeting Date: November 1, 2005

1 **From:** Mayor

2
3 **Subject:** Appropriating \$36,000 from the U.S. Department of the Interior, U.S. Geological
4 Survey for acquisition of high resolution orthoimagery over Anchorage, AK.
5
6

7 The Municipality of Anchorage, Information Technology Department (ITD) has entered into a
8 Cooperative Agreement with the U.S. Department of the Interior, U.S. Geological Survey (USGS).
9 The USGS will provide thirty-six thousand dollars (\$36,000) to assist ITD in acquiring high
10 resolution orthoimagery over Anchorage, Alaska. The performance period of this agreement is
11 from July 1, 2005 to September 30, 2006.
12

13 The Municipality of Anchorage (MOA) is the central planning organization for activities
14 throughout the metropolitan area, and is responsible for coordinating the urban development,
15 transportation, and overall planning for the greater Anchorage area. The MOA uses Geographic
16 Information Systems as one tool to implement these responsibilities. Since the early 1980's, the
17 MOA has coordinated all local programming of aerial and digital orthoimagery acquisition to
18 support the MOA GIS base data needs. The USGS has partnered with the MOA on a number of
19 different levels, primarily through the Alaska Geospatial Data Clearinghouse (AGDC) in order to
20 meet the needs of Federal and other AGDC partners to obtain a variety of geospatial information,
21 including high resolution imagery over the Anchorage urban area. Both the USGS and the MOA
22 now require a new set of high resolution imagery over the Anchorage area.
23

24 Through this agreement, the USGS will provide funding to the MOA in order to have their summer
25 2006 acquisition made available to the public domain for access by Federal partners and a broader
26 audience of users through The National Map. Entering into this agreement will result in an overall
27 decrease in project costs for all parties involved, and significantly reduce program duplication.
28

29 The majority of funds provided by the USGS will be expended through contractual services.
30 There are no matching requirements, but the acquisition will cost more than the USGS is
31 providing, so the expenditure of Municipal funds will also be required. ITD has already planned
32 to fund this project entirely from their capital budget, but the funds provided by USGS will reduce
33 the amount of capital expenditures required.
