PUBLIC SECTOR ECONOMIC EFFECTS:

The 2005 preliminary mill levy for the Chugiak Fire Service Area is 0.89 mills. As of 1/1/2005, the assessed valuation for the Service Area is $812,624,298. Therefore, the revenues collected would be $723,414. If AO 2005-22 is approved, and the maximum attainable mill levy rate is 1.25 mills, the amount of taxes that can be collected would be $1,016,030.

PRIVATE SECTOR ECONOMIC EFFECTS:

The 2005 preliminary mill levy represents an estimated cost of $89.00 per $100,000 of the assessed valuation. If the mill rate is increased to the maximum attainable (1.25), the estimated cost per $100,000 of the assessed valuation would be $125.00.
