The funds will be expended for a Park-and-Ride facility at the Girdwood Town Square. These amenities will provide a central location for Girdwood commuters to park their vehicles and utilize a share-a-ride or vanpool to Anchorage. These improvements will also allow commercial and private shuttles off-street loading and unloading of passengers. These funds will provide the following elements:

- a parking lot with 25 parking spaces
- on-street parking along existing roadways adjacent to the proposed parking lot that will provide an additional 42 parking spaces
- a bus turnout to provide off-street loading and unloading of passengers,
- upgrade street access and circulation for the transit vehicles and proposed parking lot
- pedestrian and bicycling amenities to encourage alternate travel modes to and from the parking area.

The area has property to accommodate these facilities and is near the Seward Highway. A funding match is required for this grant. The Heritage Land Bank has agreed to donate a parcel on the project site that meets or exceeds the value of the grant requirement. The FTA recognizes this parcel as an adequate match.
