ASSEMBLY MEMORANDUM

No. AM 527 -2006

Meeting Date: July 25, 2006

From: Mayor

Subject: Air Quality Public and Business Awareness Education Campaign

The accompanying Assembly Resolution appropriates Two Hundred Eighty-eight Thousand Eight Hundred Twenty-two Dollars (\$288,822) from the Alaska Department of Transportation and Public Facilities to the State Categorical Grants Fund (231) for the Air Quality Public and Business Awareness Education Campaign by the Department of Health and Human Services (DHHS). This grant amendment will extend funding from July 7, 2004 through December 31, 2007 and provide total funding of \$1,015,794 to continue air quality education and outreach to Anchorage motorists in the public and business communities. No matching funds are required.

DHHS has conducted air quality advertising to the Anchorage driving public for eight years to encourage use of engine block heaters, alternative transportation and measures to reduce carbon monoxide and air toxics emissions from personal vehicles. Surveys have shown the effectiveness of these programs, especially in neighborhoods with many cars parked outdoors overnight. Most funds from this winter campaign will go for professional advertising services and an education and outreach program targeted to commuters in the business community. Funding for this project originated from federal highway and transportation monies programmed in the AMATS Transportation Program.
