ASSEMBLY MEMORANDUM

No. AM 646 -2006

Meeting Date: September 26, 2006

From: Mayor

Subject: Appropriating to the State Categorical Grants fund (231) a Congestion Mitigation Air Quality (CMAQ) Improvement grant of \$481,371 from the Federal Highway Administration through the Department of Transportation and Public Facilities, State of Alaska, for expansion of transit operations within the Municipality of Anchorage.

In July 2003 the Municipality of Anchorage began an expansion of public transportation service in the Anchorage area with funding provided by the Federal Highway Administration. The expansion program is part of a three-year demonstration project, with federal funding identified in the Transportation Improvement Program (TIP) as allocated by the Anchorage Metropolitan Area Transportation Solutions (AMATS). The three-year demonstration project implements recommendations of *The People Mover Blueprint: A Plan to Restructure the Anchorage Transit System* completed in 2002. The restructure emphasizes development of a viable transportation system with air quality and congestion mitigation improvements, and provides public alternatives to single-occupant vehicle usage.

The Assembly approved an appropriation for 2003 (AR 2003-189, 7/15/03) for the first year of the demonstration project. The second year funding was approved by the Assembly on July 20, 2004 (AR No. 2004-175, 7/06/04.). The third year funding was approved by the Assembly on 08-30-2005 (AR No. 2005-204). The final phase of funding through 12/31/2006 is provided through a Transfer of Responsibilities Agreement (TORA) with Department of Transportation and Public Facilities, State of Alaska. This anticipated funding was included in the approved 2006 operating budget.
