ANCHORAGE, ALASKA
AO No. 2009-3

AN ORDINANCE AMENDING ANCHORAGE MUNICIPAL CODE
SECTION 6.50.060 TO PROVIDE AN INTERIM REDUCTION IN THE MAXIMUM
PERCENTAGE APPLICABLE TO THE ANNUAL DIVIDEND PAYOUT, UNTIL SUCH
TIME AS THE TRUST'S MARKET VALUE RECOVERS TO A LEVEL EQUAL TO
OR GREATER THAN THE TRUST'S MARKET VALUE AT DECEMBER 31, 2007,
ADJUSTED FOR INFLATION.

THE ANCHORAGE ASSEMBLY ORDAINS:

Section 1. Anchorage Municipal Code subsection 6.50.060D. is amended to read
as follows:

6.50.060

MOA Trust Fund

*** **

D. *Controlled spending policy.* No more than five percent of the average
asset balance will be available for annual dividend distribution. The five
percent cap is tied to an endowment method whereby long-term capital
market projections for average annual investment return are netted
against projected inflation (e.g., in January 2001 capital market
projections indicated an 8.25 percent average annual investment return
less 3.25 percent average annual inflation, for a projected "net"
average annual rate of return of five percent over the next five years).

1. However, effective January 1, 2010, no more than four percent
of the average asset balance will be available for annual
dividend distribution until such time as the Trust's market value
recovers to a level equal to or greater than the Trust's market
value at December 31, 2007, adjusted for inflation.

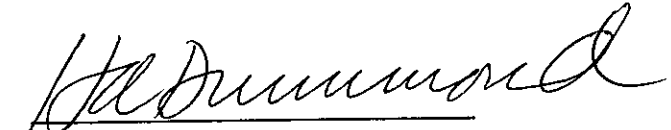

2. Following such recovery, the Trust may resume distributing a
maximum of five percent of the average asset balance for
annual dividend distribution purposes.

MUNICIPALITY OF ANCHORAGE

ASSEMBLY MEMORANDUM

No. AM 39-2009

Meeting Date: January 6, 2009

1 FROM MAYOR

2
3 SUBJECT: AN ORDINANCE AMENDING ANCHORAGE MUNICIPAL CODE
4 SECTION 6.50.060 TO PROVIDE AN INTERIM REDUCTION IN
5 THE MAXIMUM PERCENTAGE APPLICABLE TO THE ANNUAL
6 DIVIDEND PAYOUT, UNTIL SUCH TIME AS THE TRUST'S
7 MARKET VALUE RECOVERS TO A LEVEL EQUAL TO OR
8 GREATER THAN THE TRUST'S MARKET VALUE AT
9 DECEMBER 31, 2007, ADJUSTED FOR INFLATION.

10
11
12 This ordinance amends Anchorage Municipal Code section 6.50.060D., MOA
13 Trust Fund, to promote rebuilding of the purchasing power of the Trust.
14 Specifically:

- 15
16 • The proposed ordinance establishes an interim reduction in the maximum
17 annual payout percentage from 5% to 4% until the Trust's market value
18 recovers to its level at December 31, 2007, adjusted for inflation.
19
20 • The effective date of January 1, 2010 attempts to strike a balance between
21 the requirements of the 2009 budget and the need to ensure long-term Trust
22 viability.

23
24 **Background/Purpose:** The year 2008 is the fifth worst investment year on
25 record. The magnitude of 2008 losses led to the Trust's market value falling below
26 its original corpus balance of \$102 million. While recovery is expected, there is
27 uncertainty regarding how long it will take. In the meantime, the Trust is
28 authorized by Charter and Code to withdraw up to 5% of the average asset value
29 each year as a dividend to general government.

30
31 A primary objective of the Trust is to preserve corpus in an effective inflation-
32 proofed manner. To maintain the long term purchasing power of the Trust, it is
33 incumbent on the City to lower the percentage payout rate from 5% to 4% per year
34 until the Trust rebuilds its value. This interim dividend reduction is likely to last at
35 least several years. If passed, this ordinance reduces annual dividends beginning
36 in 2010 by approximately \$1 million.

37
38 The Investment Advisory Commission and investment consultant met in
39 December, carefully reviewed this issue, and unanimously recommend approval of
40 this ordinance as a means of preserving the purchasing power of the Trust.
