MUNICIPALITY OF ANCHORAGE
ASSEMBLY MEMORANDUM

No. AM 149-2009

Meeting Date: March 24, 2009

From: ACTING MAYOR

Subject: A RESOLUTION APPROPRIATING FORTY THOUSAND SIX HUNDRED FIFTY-SEVEN DOLLARS (\$40,657) FROM THE DEPARTMENT OF HEALTH AND HUMAN SERVICES ANIMAL CONTROL DONATION ACCOUNT, MISCELLANEOUS OPERATIONAL GRANTS FUND (261) FOR THE DEVELOPMENT AND OPERATION OF AN ON-SITE SPAY NEUTER CLINIC AT THE ANCHORAGE ANIMAL CARE AND CONTROL CENTER THROUGH THE DEPARTMENT OF HEALTH AND HUMAN SERVICES.

Spaying and neutering dogs and cats is an important part of responsible pet health care and an essential component in humanely decreasing animal overpopulation and the euthanasia of homeless pets in animal shelters.

The Anchorage Animal Care and Control Center (AACCC) promotes spaying and neutering through educational programs, providing reduced license and impound fees for sterilized pets, and by requiring all dogs and cats adopted from AACCC to be spayed or neutered.

Since 2003, unsterilized dogs and cats adopted from AACCC were transported to local contracted clinics for spaying or neutering prior to going home with their adoptive families. Expiration of the contract for these services was January 31, 2009. The issuance of an invitation to bid for a new contract, multiple meetings and discussions with potential providers, and letters/e-mails to licensed veterinarians in the municipality was unsuccessful in gaining a contractor to provide the service.

While they were unable to conduct pet sterilizations prior to animals going home with their adopters, local clinics responding to communications expressed support for development and operation of an on-site spay/neuter clinic at the AACCC. Some veterinarians noted they would be willing to conduct surgeries at AACCC if an on-site clinic is established.

The department is working to create a temporary on-site cat spay/neuter clinic with borrowed equipment. The anticipated cat clinic would start providing surgeries in March 2009. Additional design, renovations and equipment is needed in order to set

up a permanent clinic to provide for both cat and dog sterilizations.

A permanent on-site spay/neuter clinic will provide a long term solution to ensuring all dogs and cats adopted from AACCC are spayed and neutered. Funds will be used for architectural, engineering, renovation, equipment and related expenses to the development and operation of the spay/neuter clinic.

The following budget is submitted for information purposes.
