## ASSEMBLY MEMORANDUM

AM No. 43-2011

Meeting Date: January 18, 2011

FROM: MAYOR

SUBJECT: A RESOLUTION OF THE MUNICIPALITY OF ANCHORAGE APPROPRIATING TWO THOUSAND TEN DOLLARS (\$2,010) FROM THE BEAR VALLEY LIMITED ROAD SERVICE AREA (LRSA) FUND BALANCE (144) TO THE BEAR VALLEY LRSA BP2010 OPERATING BUDGET FUND (144), PUBLIC WORKS DEPARTMENT, ADMINISTRATION DIVISION, FOR ANNUAL ROAD MAINTENANCE SERVICES.

The attached Resolution appropriates \$2,010 from the Bear Valley LRSA Fund Balance (144) to the Bear Valley LRSA BP2010 General Operating Budget Fund (144), Public Works Department, Administration Division for annual road maintenance services. Weather conditions throughout November and December contributed to slippery road conditions throughout the service area requiring frequent sanding. With public safety a priority, fourth quarter expenses exceeded projected maintenance needs. As a result, additional funds will be needed to supplement the BP2010 Operating Budget in order to provide adequate funding for final payment of annual road maintenance services for BP2010.

The proposed appropriation of undesignated fund balance is in conformance with the Bear Valley LRSA Fund Balance Designation Policy (Exhibit A). After the appropriation, there will be sufficient fund balance set aside for bond rating purposes and emergency road work.

The Bear Valley LRSA Board of Supervisors supports this resolution and recommends that the Assembly approve the appropriation.

The budget detail is as follows:

### REVENUE

Account Number	Account Name	Amount
144.0740	Fund Balance	\$2,010

### EXPENDITURE

## **EXHIBIT A**

### **BEAR VALLEY LRSA LIMITED ROAD SERVICE AREA SERVICE AREAS OPERATING MANUAL**

#### **XII. FUND BALANCE DESIGNATION POLICY**

- A. All service areas have an established fund balance designation policy, designating a percentage of prior year service area revenues set aside and held in the service area fund balance for specific uses.
- B. Fund balances are not intended to be held for construction projects for limited road service area road work because they have only limited road maintenance authority, but rural road service areas are authorized to do so because they have road construction authority.
- C. Fund balances are not intended to prevent a reduction of mill levies and may, consequently, be used to fund budgets and inherently reduce mill levies.
- D. Components of the policy,
  - 1. Municipal bond rating set aside, currently 8.25%:
    - a. this amount is financially determined as a percentage of revenues based on municipal bond rating requirements.
    - b. this amount must be maintained in the fund balance and cannot be used by the service area.
    - c. historically, these funds have not been used by the municipality.
  - 2. Emergency road work set aside, generally 20%:
    - a. this amount is used for inordinate snow and ice events, emergency road repairs and other unexpected road maintenance needs.
    - b. this amount is used for board and administration-determined needs that the service area budget is unable to fund.
    - c. historically, these funds have been used from time to time and are replenished over a period of a year or two.
  - 3. Road improvement work set aside (see section B. above regarding road work authority)
    - a. this amount is primarily used for summer projects that have long term road maintenance reduction aspects.
    - b. this amount is used for board and administration discretionary projects that will ensure safe, drivable and well maintained rural roads.
    - c. historically, these funds have been used on an annual or a few-year basis for planned long-term improvements/road maintenance reduction work and are replenished from time to time through prior year budget carry-over funds.
