

HELP US BETTER SUPPORT YOU BEFORE WILDFIRE STRIKES

The Anchorage Fire Department is working to understand homeowner needs so we can better support you in protecting your family, property, and way of life.

Rapid Risk Assessments

60-second roadside wildfire risk assessments

Homeowner Surveys

Survey mailed to homeowners in study areas

Turning Data into Action

Assessment and survey information guides wildfire planning

Helping You Today

Find simple steps and tools at wildfire.muni.org

WHAT WE LOOK AT

- Factors that affect how likely a home is to catch fire
- Vegetation and fuels around the home
- Roof type and building materials
- Property layout and access
- Features that may influence fire behavior

WHAT YOU SHARE

- Your views on wildfire risk
- Communication preferences
- Mitigation steps you've taken
- Barriers and incentives to mitigate
- Comfort with wildfire related policies and fuel treatments

HOW WE USE IT

- Support community outreach
- Guide funding applications
- Ensure homeowner voices count
- Identify where support is needed
- Highlight ways to cut wildfire risk
- Strengthen emergency planning

TAKE ACTION TODAY

- Schedule a free Firewise assessment - we walk your property with you
- Learn about Ready, Set, Go!
- Sign up for Smart911
- Watch our video library
- Monitor current fire danger
