Development Services Department

Anchorage: Performance. Value. Results.

Purpose

Development Services works to facilitate development in accordance with municipal codes, municipal design criteria, and municipal construction standards. We protect public health through regulation of on-site water and wastewater systems. We respond to our customers seeking building, right-of-way, and land use permits or inspections or code enforcement information with open, friendly, cost efficient and effective service.

Core Services

- Enable property development through building and land use permitting;
- Ensure new construction meets municipal standards for protecting safety, public health, and environmental quality; and
- Enforce municipal codes to protect public assets such as rights-of-way and to promote clean and attractive neighborhoods.

Building Safety Division Development Services Department

Anchorage: Performance. Value. Results.

Purpose

Building Safety Section accepts applications for building, land use, and private development permits; performs plan reviews for compliance with code, municipal design criteria, and municipal construction standards; issues permits; performs inspections to assure safe development; and protects public health and environmental quality through regulation of on-site water and wastewater systems.

Direct Services

- Process permit applications, provide cashier services, and issue permits;
- Verify that plans meet minimum code requirements through plan review;
- Inspect construction for compliance with plans and adopted building codes;
- Administer subdivision, improvement to public place, and development agreements in accordance with code;
- Process applications and issue permits for water and wastewater systems serving single family homes in accordance with Anchorage Municipal Code 15.55 (Water) and 15.65 (Wastewater); and
- Process certificates of on-site systems approval (COSA) for existing single-family water and wastewater systems.

Accomplishment Goals

- Manage the private development process effectively and efficiently;
- Ensure development-related infrastructure is designed and constructed according to municipal design criteria, standards, codes, and practices; and
- Provide prompt and efficient permit processing, timely plan reviews, and same-day as requested construction inspection services.
- Provide on-site water and wastewater permitting, certification, training, and enforcement consistent with goals of protecting public health and environmental quality.

Performance Measures

Progress in achieving goals will be measured by:

<u>Measure #1:</u> Average number of minutes for first customer contact (*Permitting Mgt. Unit*)

Average Number of Minutes for 1 st Customer Contact

¹Percent completed in 4 days for 2018 through 2012 is an average of the percentages reported for the first, second, and third quarters of each year. Hansen system does not timely report a 4th qtr percentage for each year. ²Ditto, percent reported for reviews within 10 days is an average of the percentages reported for 1st, 2nd, 3rd quarters for 2018-2012.

³Total number of reviews completed equals grand total number of reviews completed for the year.

Measure #3: Percent of construction inspections completed same day as requested (Building Inspection Unit).

Land Use Permitting & Enforcement Division Development Services Department

Anchorage: Performance. Value. Results.

Purpose

Protect the public health, safety, welfare, and economic vitality by:

Protecting the traveling public and improving the quality, useful life, and safety of public infrastructure within the rights-of-way of the Municipality of Anchorage;

Improving quality of life and property values through effective application and enforcement of Anchorage Municipal Code Title 15 (Environmental Protection), 21 (Land Use Planning), 24 (Streets and Rights of Way), and six other codes;

Providing technical expertise and assistance to the public and development community through review of development proposals, land use and building permits and facility licenses; and

Maintaining unique addressing and street names to ensure 911 public safety and conformance with Anchorage's land use regulations.

Direct Services

Right of Way Permitting & Enforcement

- Interpret, apply, and enforce Anchorage Municipal Code Title 24, Streets & Rights of Way and eight other municipal codes;
- Investigate and resolve complaints of unsafe or illegal usage of rights-of-way;
- Inspect construction projects within municipal rights-of-way;
- Review construction plans and issue right-of-way permits on a timely basis; and
- Provide critical support for community events such as Fur Rendezvous and Iditarod.

Land Use Enforcement

Interpret, apply, and enforce Anchorage Municipal Code Title 15 (Environmental Protection), Title 21 (Land Use Planning), and seven other municipal codes; and

• Review and inspect marijuana businesses, day care centers, animal facilities, & businesses selling alcoholic beverages for compliance with municipal land use regulations when those businesses seek new licenses or renewals.

Addressing

- Maintain the Master Street Address Guide (MSAG);
- Provide critical support to maintain the 911 address data layer to support the Anchorage Police and Fire Departments; and
- Assign addresses to new construction and work to eliminate duplicate street names.

Accomplishment Goals

- Continue to make progress eliminating duplicate street names to ensure the uniqueness of each address, thereby improving E911 response times.
- Protect the traveling public and the municipal rights-of-way, the largest single asset of the Municipality of Anchorage at +\$10 billion;
- Respond to land use code complaints within established timeframes.
- Complete final zoning inspections same day as requested; and
- Provide timely and accurate services for:
 - Business facility reviews and inspections
 - o Assignment of new addresses, and
 - Maintenance of GIS map data layers for roads and addresses

Performance Measures

Progress in achieving goals will be measured by:

Performance Measures Definitions and Terminology

Example: Measure #11: Percent of land use enforcement *complaints* with investigation initiated within one *working day* of receipt. (Land Use Enforcement)

Complaint(s) is defined as a request for assistance or an allegation of a use or activity not permitted by applicable Anchorage Municipal Code (AMC).

Investigated or Investigation is defined as the formal examination or action by the assigned enforcement agency to resolve the request for assistance and/or determine whether a violation of municipal code has occurred.

Examples include but are not limited to: complaint review, contact of complainant or alleged violator, issuance of relevant correspondence, site visit and the like, and completion of the supporting data entry and documentation of evidence and results.

Working day is defined as a scheduled shift a code enforcement officer is working who is responsible for the type of complaint and area the complaint is filed in.

"Working day" **does not** include scheduled days off such as weekends or holidays. However, "working day" **includes** scheduled vacation days as management has the responsibility to provide area coverage during those times.

<u>Measure #9:</u> Inspections of permitted construction completed to ensure installation compliance w/ MOA standards & specifications *(ROW Enforcement Section)*

PVR Measure WC: Managing Workers' Compensation Claims

Reducing job-related injuries is a priority for the Administration by ensuring safe work conditions and safe practices. By instilling safe work practices, we ensure not only the safety of our employees but reduce the potential for injuries and property damage to the public. The Municipality is self-insured and every injury poses a financial burden on the public and the injured worker's family. It just makes good sense to WORK SAFE.

Results are tracked by monitoring monthly reports issued by the Risk Management Division.
