SPECIAL LAND USE PERMIT FOR MARIJUANA APPROVAL CRITERIA (AMC 21.03.105C.7.)

The assembly may only approve a special land use permit for marijuana if, in the judgment of the assembly, the application meets the following approval criteria. Each criterion must have a response in as much detail as it takes to explain how the project satisfies the criterion. The burden of proof rests with the applicant. (In the B-2A, B-2B, and B-2C districts, please contact the Planning Department as the approval criteria are different.)

1. The proposed use is consistent with the comprehensive plan, all applicable provisions of this title [Title 21], and applicable state regulations.
2. The proposed use is consistent with the purpose and intent of the zoning district in which it is located, including any district-specific standards set forth in chapter 21.04.
3. The proposed use is consistent with applicable use-specific standards set forth in chapter 21.05.
4. The proposed use is compatible with uses allowed on adjacent properties, in terms of its scale, site design, operating characteristics (e.g., hours of operation, traffic generation, lighting, noise, odor, dust, and other external impacts).
5. The proposed use is appropriately located with respect to existing and/or planned water supply, power supply, fire and police protection, wastewater disposal, storm water disposal, and similar facilities and services.
6. Any significant adverse impacts anticipated to result from the use can and will be mitigated or offset to the maximum extent feasible.
7. The owner/operator of the establishment has no previous denials or revocations of a marijuana license or special land use permit, or previous documented violations of municipal or state law/regulation relating to marijuana establishments. Alternatively, the owner/operator has provided sufficient evidence of rehabilitation to the assembly.
8. The owner/operator of a marijuana retail establishment has meaningfully engaged in neighborhood responsibility planning with residents and other neighborhood businesses to mitigate concerns such as odor, parking, and security. Neighborhood responsibility planning guidelines may be included in AMC chapter 2.40.
