Property Tax # (000-000-00-000):		
Site Street Address:		
Current legal description: (use additional sheet if necessary)		
Zoning:	Acreage:	Grid #:

I hereby certify that (I am) (I have been authorized to act for) the owner of the property described above and that I am petitioning for an administrative variance in conformance with Title 21 of the Anchorage Municipal Code of Ordinances. I understand that payment of the application fee is nonrefundable and is to cover the costs associated with processing this application, and that it does not assure approval of the variance. I understand that the burden of evidence to show compliance with the administrative variance standards rests with me, the applicant.

CODE CITATIONS

AMC 21.

AMC 21.

VARIANCE STANDARDS FOR REASONABLE ACCOMMODATION (AMC 21.03.240J.2.)

In deciding to approve or deny an application, the department shall review the application and written comments addressing factors relevant to the request for reasonable accommodation, including but not limited to, the extent to which the application demonstrates the following, as related to the particular request of the applicant:

- i. Whether the requested accommodation is implementing safety measures specific to the needs of the residents, including but not limited to safety measures in state law and regulation, and in municipal fire code adopted under Title 23.
- ii. Whether the accommodation requested is advancing housing opportunities for disabled individuals in a residential community without jeopardizing residential aspects of the neighborhood.
- iii. Whether the requested accommodation is necessary to comply with the provisions of the federal Fair Housing Act.
- iv. External characteristics and impacts of the proposed accommodation, including without limitation appearance, projected contribution to traffic volumes and on-street parking within the neighborhood, available street lighting and sidewalks.
- v. Quantifiable risks to the health, safety, and quality of life of area residents and users.
- vi. Administrative and economic burden on the municipality, in either approval or denial of the variance.
- vii. Other factors deemed relevant to the applicant or the department in review of the application.

VARIANCE STANDARDS FOR SIGNS (AMC 21.03.240J.3.)

The director may grant an administrative variance from the height restrictions and/or setback requirements for freestanding signs, provided:

- a. Special topographic circumstances exist that would result in a material impairment of visibility of a conforming sign from the adjacent roadway;
- b. There is no reasonable conforming alternative to the variance; and
- c. Any setback variance does not result in an encroachment into a public right-of-way.

VARIANCE STANDARDS FOR LARGE DOMESTIC ANIMAL FACILITY (AMC 21.03.240J.4)

Application for administrative approval of deviation in minimum lot size of 40,000 square feet may be made to the department. The director may approve deviation of site area square footage, not to exceed 10 percent, upon consultation with the department of health and human services.

VARIANCE FOR REFUSE RECEPTACLE LOCATION AND SCREENING (AMC 21.03.240J.5 AND 21.07.080G.2.h)

The director shall seek and document comments from the applicable refuse service providers.

The municipality recognizes that full compliance with the refuse receptacle location and screening standards will not be reasonably feasible for some existing developments approved prior to January 1, 2014. The intent of this subsection is to provide for partial or complete exemption in such cases, through a documented administrative process. The variance should be the minimum action necessary to provide relief, with the intent to encourage existing development to move in the direction of conformity.
