

Note that wetland maps produced by the Municipality are not all inclusive. Wetland boundaries depicted on municipally produced maps are approximate. It is not possible to map all wetlands especially on private property without the ability to ground-truth suspected features. To obtain the most accurate information, it is incumbent on individual landowners to request a Jurisdictional Determination and/or wetland delineation from the Corps of Engineers or hire a professional wetland scientist to make a determination for submission to the Corps. MOA Long-Range Planning staff are responsible for maintaining wetland maps and datasets to service the Municipality of Anchorage. For the most accurate, up-to-date wetlands mapping information, contact the Municipal Long-Range Planning Section staff at (907)343-7921.
