51	Airport Heights	Agree	Yes	The conundrum is that the community council (CC) is supposed be bounded by "natural boundaries" and the Assembly districts are split by other boundaries. After the last round of reapportionment, we (Airport Heights) are split across 3 Assembly districts. This means we don't have a strong relationship with any single set of Assembly representatives. It also makes it hard for our Assembly representatives to attend our meetings (either at all or for the full duration) as they are all meeting hopping among their represented CCs. I've been a CC board member both before and after reapportionment and the communication chain with our Assembly representatives has noticeably degraded. Unfortunately, I don't have a great solution to this :(	Provide_representation_for_all		Not sure or do not know		I live within the Community Cou	This year (in 2022)

279	Fairview	Neutral	Yes	North of 5th Ave should be part of another community council. Also potentially the area in-between A and C St, and 15th through Charles Smith Memorial Park. The area north of 5th is all commercial (to my knowledge) and I feel that whole commercial strip has more in common with itself then it does with the communities it crosses into. The square bounded by A, C, 15th, and the park are kind of geographically cut off from the rest of Fairview. I think that they have easier access by walking/driving into the South Addition Neighborhood then the do with Fairview. 56	Midtown	Strongly disagree	Yes	Midtown CC used to have its northern half part of North Star CC and the southern half part of Spenard CC. About 20 years ago, Assembly member and business owner Dan Coffey pushed to create the mid-town CC. Unfortunately, it has become a voice of only commercial property and business owners and not reflective or inclusive of the people who live there. When I was president of it, we spent time and effort talking with these neighboring CC's about taking us back, so we'd be part of a greater residential group. They were both willing. Our CC vote failed by 1 vote out of about 12 people in attendance, with all the residents voting for and all the business/commercial people voting against it. I even tried to get the business folks to form their own Chamber of Commerce, like the Spenard businesses have (or join theirs), but they weren't interested in developing their own organization. I was part of NECC for years and know how important one that represents all who live in the area is. 390	Midtown	Neutral	Yes	Go back to the original boundaries of Spenard and NorthStar CC's that incorporated midtown residential areas into these more residential council areas. The split was at 36th. We tried to get this passed some years ago, but the business owners all opposed it. We want a council with other active residents, not business owners who only have financial interests in the area and live elsewhere. 253	Mountain View	Agree	Yes	<p>The commercial area on the western edge of the MVCC does not participate in the council, in my experience over the last 15 years. They are more strongly tied to the Downtown CC and the Fairview CC--they are close to the Fairview Rec Center. It would make more sense for the MVCC to end at Reeve Boulevard as its western-most boundary.</p> <p>Also, the area colloquially referred to as "South Mountain View" ought to be considered for incorporation into Mountain View, as it is more closely tied to Mountain View than Russian Jack Park's territory, which extends / incorporates the area of Boniface and Northern Lights. The South Mountain View area is roughly from Bragaw/Glenn south to Costco @ Debarr, then east to Pine St, then north back to the Glenn/McCarrey St.</p> <p>Lastly, the Muni ought to formally forward the MVCC's 2013 and 2022 formal resolutions to the Alaska Redistricting Board, requesting that Davis Park be included in the Mountain View House &amp; Senate districts. This would help greatly.</p>	Align_the_district_with_areas_s,Align_the_district_with_comuni,Use_clearly_identifiable_boundaria,Maximize_opportunities_for_all,Provide_representation_for_all		In an optimal size range		I am a non-resident owner of bo	This year (in 2022)

As a North Star resident, I wonder about the rationale for separating Fireweed to Chester Creek from other adjoining neighborhoods into its own entity. I would open up for discussion:</p> <p>1) Expanding the southern boundary of North Star CC to Northern Lights to incorporate both sides of Fireweed Lane and surrounding business as we look toward a Fireweed Lane redesign.</p> <p>2) Absorbing North Star CC into Spenard (West of Arctic) and Midtown (East of Arctic) CCs along the Romig/Central Middle School Boundary line.</p>	Align_the_district_with_areas_s		Too small		I live within the Community Cou	This year (in 2022)

Very few people were able to get a word in as the topics shifted from one to the next. ALSO, this community council area (boundaries) are way too small when compared to appropriately sized other council areas. This council should be merged with a re-sized Spenard CC.	Use_clearly_identifiable_boundaria,Maximize_opportunities_for_all,Provide_representation_for_all	I cannot understand why this "way too small" community council has continued over the years. 422	Old Seward/Oceanview	Disagree	Yes	The area adjacent to the Old Seward/Oceanview Community Council area, currently contained within the Bayshore/Klatt CC, extends from C Street east to New Seward Highway and from Klatt Rd. north to O'Malley Rd. This area is demographically and geographically similar to the rest of the OSOVCC; residents shop in the same businesses (Huffman Center), go to the same schools. It is not separated from the rest of the CC by any major thoroughfare. Furthermore, this area does not seem to be as well connected to the bulk of Bayshore Klatt CC, given its separation by a maze of parkland, commercial development, and transportation corridors. Technically, Anchor Park was built at the same time and style as many airport heights homes. Yes, Chester Creek separates the neighborhoods. Either RPCC or AHCC is fine, our little corner neighborhood is 'the odd one out'.  In general, community councils should be similar in size. For example, Northeast CC is significantly larger than most other community councils.	other	See above.	In an optimal size range		I live within the Community Cou	This year (in 2022)

421	South Addition	Disagree	Yes	An analysis whether SACC boundaries should include lands north of the Park Strip (basically north of 9th in bootleggers cove) The development patterns are distinctly different, the economic relationships are more tied to downtown in that area. It would be good to study where the residents, property owners have more synergy to reach their goals. The natural boundary to the west is the Inlet and to the south is Chester Creek. Those boundaries would be worth a study to reaffirm and adjust as needed. The current east boundary is Cordova and a hodge-podge of zig zags that would worth a look for clarification. 94	Spenard	Disagree	Yes	It would make more sense to help the Spenard Community Council more closely match neighborhoods, for example put the rectangle north of Fireweed with the rest of the neighboring council. I'd also like to see the Spenard Community Council follow the new boundaries for the Assembly district and the state legislative districts if that works naturally. 191	Spenard	Disagree	Yes	Spenard should extend east to the Highway, and if not that far then to C Street. The residential areas east of Arctic are not being represented by the Midtown CC area, but instead have common interests as Spenard including the mixture of commercial areas and busy roadways (Northern Lights, 36th, etc).  The Spenard boundary to the west should be south of Northern Lights and East of Wisconsin St. Right now the Fish Creek Trail serves as the boundary, but the mixed residential area west of the creek called the "Spenardigan" area best aligns with Spenard's interests. Also, the Spenard Beach Park should be part of Spenard.  These major roads serve as better boundaries than the current ones. 199	Spenard	Disagree	Yes	The Midtown CC should be dissolved and divided between the surrounding community councils. There is no representation for the residents of the council, they hold their meetings in the middle of the day which assures that working people cannot attend, they haven't had a resident on their executive committee for years, they do no outreach to the residential community and the executive committee has been business owners/property owners that don't live within the boundaries. The meetings I attended had about 10 people there, mostly representatives from the Assembly, the Muni and some from agencies. There were only a couple of actual members there. I wasn't impressed and feel like they are just another Chamber of Commerce, only for Midtown. Returning those residents and businesses to SCC would allow the residents to have a voice in their community council. 213	University Area	Neutral	Yes	Should be more aligned with House Districts or Assembly Districts.  UACC consists of two residential areas completely separated by a large PLI area. It feels very disjointed. The interests of the PLI land are very different from the interests of the residential neighborhoods. 297	University Area	Strongly disagree	Yes	Boniface to Baxter should be included in Scenic Foothills CC. I live on Baxter and I feel like the issues that arise in the University CC are not as relevant as Scenic Foothills. 400	University Area	Agree	Yes	The downside of being bounded as we are by Northern Light and Tudor means that we do not actually get all of the news affecting areas north or south of those respective roads. Extending the boundaries south to MLK could help solve this for some of the more pointed issues involving trails. Otherwise, UACC's seem quite good.
