Introduction

This **Appendix A** documents the public's responses to the project's online questionnaire regarding community council district boundaries. It also documents comments about boundaries that the Planning Department staff received by email and telephone. The feedback shown in Appendix A provides the source information for identifying the Boundary Study Areas for this project, in White Paper No. 2. It also provides an indicator of community council members' level of satisfaction with current boundaries that can inform this project's assessment of the Boundary Study Areas.

The Planning Department solicited comments regarding community council district boundaries from community councils and their members from November 4 through the end of February. This included an online survey questionnaire that was distributed in two information alerts (in November and February) to the Community Councils Center's mass notification of approximately 9,500 email addresses. The online questionnaire was developed by Planning staff using the ESRI, Inc., Survey 1-2-3 software application. Additionally, the Planning Department also sent letters to all community council officer contacts listed on the *Community Council Master Contact List* maintained by the Community Council Center and visited the Federation of Community Councils Board of Delegates monthly meetings in November, January, and February.

The public feedback documented in this Appendix A comes from individual community council members, community council officers and executive boards. The municipal Ombudsman and the manager of the Community Councils Center also provided information and comments. The Planning Department received 409 responses to the online survey questionnaire, 9 emails, and one response by phone, for a total of 419 responses.

The table on pages 1 through 17 provides the 409 questionnaire responses. The questionnaire responses are organized alphabetically by the home Community Council districts of the respondents (i.e., in order from Abbott Loop to University Area). Each questionnaire response occupies a row in the table:

- The first column is the questionnaire response identification number, which was automatically assigned by the ESRI Survey 1-2-3 software application.
- The remaining 10 columns provide the responses to the 10 questions in the survey questionnaire, arranged from left to right in the order that these questions appeared in the survey form.

The table on pages 18 and 19 provides the additional comments that Planning staff received in emails and one phone conversation. Where a single email or phone conversation provided comments about more than one boundary area or district, the table on pages 18 and 19 documents each of those comments in a separate row in the table:

- The first column is a unique identification number for the comment, which staff assigned.
- The second column is the name of the community council that is the subject of the comment.
- The third column is a summary of the comment made, which staff edited for length and clarity.
- The remaining columns are information about the source of the comment.

The information in this Appendix A is the base data for Appendices B and C. Appendix B selects the approximately 120 questionnaire and email comments from Appendix A that expressed dissatisfaction with current boundaries or suggested boundary changes be considered, and groups those responses into 38 *Boundary Study Areas*. Appendix C is a summary table that describes the 38 Boundary Study Areas and cross-references back to the individual comments in Appendices A and B.

51	Airport Heights	Agree	Yes	The conundrum is that the community council (CC) is supposed be bounded by "natural boundaries" and the Assembly districts are split by other boundaries. After the last round of reapportionment, we (Airport Heights) are split across 3 Assembly districts. This means we don't have a strong relationship with any single set of Assembly representatives. It also makes it hard for our Assembly representatives to attend our meetings (either at all or for the full duration) as they are all meeting hopping among their represented CCs. 279	Fairview	Neutral	Yes	North of 5th Ave should be part of another community council. Also potentially the area in-between A and C St, and 15th through Charles Smith Memorial Park. The area north of 5th is all commercial (to my knowledge) and I feel that whole commercial strip has more in common with itself then it does with the communities it crosses into. The square bounded by A, C, 15th, and the park are kind of geographically cut off from the rest of Fairview. I think that they have easier access by walking/driving into the South Addition Neighborhood then the do with Fairview.		In an optimal size range	I live within the Community Cou	This year (in 2022)
286	Fairview	Disagree	Yes	Currently, West Fairview is cut off from East Fairview by the Gambell Ingra couplet. 56	Midtown	Strongly disagree	Yes	Midtown CC used to have its northern half part of North Star CC and the southern half part of Spenard CC. About 20 years ago, Assembly member and business owner Dan Coffey pushed to create the mid-town CC. Unfortunately, it has become a voice of only commercial property and business owners and not reflective or inclusive of the people who live there. When I was president of it, we spen time and effort talking with these neighboring CC's about taking us back, so we'd be part of a greater residential group. They were both willing. Our CC vote failed by 1 vote out of about 12 people in attendance, with all the residents voting for and all the business/commercial people voting against it. I even tried to get the business folks to form their own Chamber of Commerce, like the Spenard businesses have (or join theirs), but they weren't interested in developing their own organization. Council by area and also lacks the social cohesion and natural boundaries of larger council areas (Spenard, Mountain) (Wester). As a North Star resident, I wonder about the rationale for separating Fireweed to Chester Creek from other adjoining neighborhoods into its own entity. I would open up for discussion: 1) Expanding the southern boundary of North Star CC to Northern Lights to incorporate both sides of Fireweed Lane and surrounding business as we look toward a Fireweed Lane redesign. 2) Absorbing North Star CC into Spenard (West of Arctic) and Midtown (East of Arctic) CCs along the Romig/Central Middle School Boundary line. 88 North Star Neutral Not sure or do not know Use Clearly Lidentifiable bound with the Community Council meeting and decided I would never to so again as the entire meeting was a J. 422	Old Seward/Oceanview	Disagree	Yes	The area adjacent to the Old Seward/Oceanview Community Council area, currently contained within the Bayshore/Klatt CC, extends from C Street east to New Seward Highway and from Klatt Rd. north to O'Malley Rd. This area is demographically and geographically similar to the rest of the OSOVCC; residents shop in the same businesses (Huffman Center), go to the same schools. It is not separated from the rest of the CC by any major thoroughfare. Furthermore, this area does not seem to be as well connected to the bulk of Bayshore Klatt CC, given its separation by a maze of parkland, commercial development, and transportation corridors. I propose annexing this area into the OSOVCC. 35	Rogers Park	Disagree	Yes	Rogers Park neighborhood is physically separated from the College Village neighborhood by a large road and intersections (Northern Lights Blvd and Benson Blvd). These neighborhoods are not cohesive. College Village is next to B-3 zoning, which has been a public issue over the past few years. Rogers Park neighborhood is next to other residential zones and open space/public land. The community council does little outreach to College Village and none to Stephens Apartments, which fall within the Rogers Park Community Council area. The opinions and values of Rogers Park neighborhood usually take priority over the other areas within the community council area, leaving little representation for the other neighborhoods. 421	South Addition	Disagree	Yes	An analysis whether SACC boundaries should include lands north of the Park Strip (basically north of 9th in bootleggers cove) The development patterns are distinctly different, the economic relationships are more tied to downtown in that area. It would be good to study where the residents, property owners have more synergy to reach their goals. The natural boundary to the west is the Inlet and to the south is Chester Creek. Those boundaries would be worth a study to reaffirm and adjust as needed. The current east boundary is Cordova and a hodge-podge of zig zags that would worth a look for clarification.	s ,Use_clearly_identifiable_bound a,Provide_representation_for_al I_			I live within the Community Cou	This year (in 2022)

94	Spenard	Disagree	Yes	It would make more sense to help the Spenard Community Council more closely match neighborhoods, for example put the rectangle north of Fireweed with the rest of the neighboring council. I'd also like to see the Spenard Community Council follow the new boundaries for the Assembly district and the state legislative districts if that works naturally. 191	Spenard	Disagree	Yes	Spenard should extend east to the Highway, and if not that far then to C Street. The residential areas east of Arctic are not being represented by the Midtown CC area, but instead have common interests as Spenard including the mixture of commercial areas and busy roadways (Northern Lights, 36th, etc). The Spenard boundary to the west should be south of Northern Lights and East of Wisconsin St. Right now the Fish Creek Trail serves as the boundary, but the mixed residential area west of the creek called the "Spenardigan" area best aligns with Spenard's interests. Also, the Spenard Beach Park should be part of Spenard. These major roads serve as better boundaries than the current ones.	,Use_clearly_identifiable_bound d a,Maximize_opportunities_for_ f all_,Provide_representation_for _all_			I live within the Community Cou	This year (in 2022)

199	Spenard	Disagree	Yes	The Midtown CC should be dissolved and divided between the surrounding community councils. There is no representation for the residents of the council, they hold their meetings in the middle of the day which assures that working people cannot attend, they haven't had a resident on their executive committee for years, they do no outreach to the residential community and the executive committee has been business owners/property owners that don't live within the boundaries. The meetings I attended had about 10 people there, mostly representatives from the Assembly, the Muni and some from agencies. There were only a couple of actual members there. I wasn't impressed and feel like they are just another Chamber of Commerce, only for Midtown.	t e	In an optimal size range		I live within the Community Cou	This year (in 2022)

The current board of the Midtown Community Council has its meeting at noon on a weekday ensuring residents can't come. The current board of MCC is not made up of residents, but business owners. Returning those residents and businesses to SCC would allow the residents to have a voice in their community council. Comment No. 425	Northeast	Northeast Community Council district is far too large. Perhaps the Nunaka Valley Area should be switched to the Russian Jack Community Council, or even formed into their own council?	Email	11/4/2022	Forrest Dunbar	n/a
Comment No. 426	Turnagain	Turnagain Community Council (TCC) Executive Board is currently taking the position that it is satisfied with TCC's current boundaries, and is not requesting any boundary areas for review. TCC Excecutive Board recognizes that TCC shares a long boundary with Spenard, so it reached out to the SCC Executive Board, asked if SCC intends to put forward areas for study, and offered to hold a joint meeting to discuss further any areas that impact both our areas. The SCC Board indicated they also do not intend to put forward areas for study at this time.		12/5/2022	TCC Executive Board	12/1/2022 Letter from TCC Executive Board
Comment No. 427	Spenard	Spenard Community Council (SCC) Executive Board is taking the position that the boundaries of SCC should be extended to return to the original boundaries of SCC as outlined in the Anchorage Municipal Charter (AMC). This opinion is based on factors that include historical realities, current representation, and maintaining the Spenard neighborhood's character and sense of community. As outlined in the AMC in 1975, the borders for the SCC were generally between Fish Creek/Ted Stevens Anchorage International Airport to the west and the New Seward Highway to the east, and portions of Northern Lights Boulevard, Fireweed Lane, and 36th Avenue to the north and International Airport Road to the South. Boundary changes in 2003 redrew these boundaries to mark Arctic Boulevard as Spenard's Eastern border and created the Midtown Community Council (MCC). In 2016, the MCC moved their meeting time from 7:00pm to 12:00pm, creating a barrier to participation from most Midtown residents. The SCC passed resolution 2017-2-1 in February 2017 in support of adding a portion of the MCC to match the map included in the AMC with the remainder of the MCC becoming part of the North Star Community Council. This resolution was drafted after talks with members of all three councils, who reported that MCC was having difficulty getting a quorum on a regular basis and recognized that MCC and SCC had common character and interests.		1/5/2023	SCC Executive Board	12/29/2022 Letter from SCC Executive Board
Comment No. 428	Eklutna Valley	Eklutna Valley Community Council is opposed to any changes to its boundaries.	Email	1/5/2023	Rick Sinnott	n/a
Comment No. 429	Rabbit Creek	Rabbit Creek Community Council raised the issue of whether any boundary changes are needed for our Community Council at its November 10th, 2022 meeting. RCCC does not believe there need to be any changes.	Email	1/10/2023	Ann Rappoport	n/a
Comment No. 430	Midtown	Midtown Community Council (MCC) Executive Board supports Midtown's existing boundaries, for the following reasons. Midtown is at the beginning stages of working in cooperation with the Municipality on a Midtown District Plan. MCC is currently working to identify as many businesses in its boundaries as possible, for providing outreach and information regarding MCC activities to businesses. The current MCC President has also conducted outreach to residents to inform them of MCC's existence and activities. MCC feels that continuity is important with respect to boundaries.	Email and Letter	1/13/2023	MCC Executive Board	1/13/2023 Letter from MCC Executive Board
Comment No. 431	Girdwood	The Assembly has recognized the Girdwood Board of Supervisors (GBOS) as the community council ex-officio for the Girdwood community council district. The boundaries of the GBOS service area is smaller than the boundaries of the community council district. This means that persons outside of the service area, who are part of the community council district, cannot vote for the community councils that represents them – GBOS. This is problematic and is counter to the intent of community councils to provide maximum citizen participation. The boundaries of the service area should match the boundaries of the community council district.	Email	2/17/2023	Darrel Hess	n/a
Comment No. 432	Midtown	With respect to Midtown: It is up to the members of a community council to determine when and where a council meets — the councils are voluntary, self-governing associations and are not part of local government. Trying to dictate to a community council when and where they should meet would be overreach on the part of the Municipality. If the membership is unhappy with the meeting time and place, they can vote to change the meeting time and place.	Email	2/17/2023	Darrel Hess	n/a

Comment No. 433	Portage Valley	Portage Valley Community Council has not submitted revised bylaws which are required by the code changes in 2014. The Municipality has communicated with multiple individuals over the years, who have stated that they were going to get the council up and running, but they have not. This community council district could be merged with an adjacent district or districts, or the Assembly could pull recognition and it would be up to the residents and property owners to petition to establish a new council. Failing to meet the meeting requirements in the code means they should no longer be recognized.	Email	2/17/2023	Darrel Hess	n/a
Comment No. 434	Tudor Area	With respect to Tudor Area: Failing to meet the meeting requirements in the code means a community council should no longer be recognized. If Tudor Area is not making the meeting requirements (at least once per calendar quarter), the district should be merged with an adjacent district or districts, or the Assembly should just pull their recognition, and it would be up to the residents, businesses, and property owners in the district to petition the form a new council.	Email	2/17/2023	Darrel Hess	n/a
Comment No. 435	Girdwood	The Community Councils Center has received calls over the past several years from people asking why Girdwood does not have its own community council. The GBOS is a governmental entity as a service district, and makes decisions as a government entity. This seems like a different function from a community council, which is independent and advises government entities. There are people in Girdwoood who want to create a community council; if people get together and propose it, then Girdwood should have its own community council. Comment No. 436	Portage Valley	Portage Valley Community Council is nonexistant; it has not been an active organization for years.	Phone conversation	2/21/2023	Mark Butler	n/a
Comment No. 437	Tudor Area	Tudor Area has not been meeting regularly or making quorum. The acting chair has been willing in the past to merge with another council. Merging with Rogers Park seems like a natural fit.	Phone conversation	2/21/2023	Mark Butler	n/a
Comment No. 438	Girdwood	A community council for Glacier Valley should be created. This would include Girdwood and the existing Crow Creek neighborhood, essentially all of the residents in the larger Girdwood Valley. The current Girdwood Board of Supervisors represents only those within the town of Girdwood, but doesn't include Crow Creek. We believe that we as a community need our own community council.
