

CONTENTS

SECTION ONE: INTRODUCTION

| | | |
|----------|------------------------------------------------------------------------------------|-----------|
| 1 | THE PLANNING CONTEXT AND PROCESS..... | 1 |
| | Overview: The Interdependence of Transportation and Commercial Activity..... | 1 |
| | Underlying Objectives: The Planning Context | 2 |
| | Project Objectives | 3 |
| | The Planning Process and Community Involvement..... | 3 |
| | Process for Public Review, Adoption and Amendment of the Plan | 4 |
| | Structure of This Document | 5 |
| | <i>Map 1. The Girdwood Valley Study Area and Commercial Nodes</i> | |
| 2 | COMMUNITY BACKGROUND AND CHARACTER | 7 |
| | <i>Map 2. Current Land Status in the Girdwood Valley (from Girdwood Area Plan)</i> | |
| | <i>Map 3. Land Use Plan (from Girdwood Area Plan)</i> | |
| 3 | ISSUES AND CONCERNS | 9 |
| | <i>Map 4. Environmental Constraints</i> | |
| | <i>Map 5. Areas of Probable Future Development</i> | |
| 4 | COMMUNITY PRIORITIES AND OBJECTIVES | 13 |
| | Components of a Common Vision for Girdwood’s Future | 14 |

SECTION TWO: THE TRANSPORTATION MASTER PLAN

| | | |
|----------|---------------------------------------------------------------------|-----------|
| 5 | TRANSPORTATION PLAN OVERVIEW | 15 |
| | Underlying Principles | 15 |
| 6 | PUBLIC TRANSPORTATION SYSTEM | 17 |
| | Potential Markets for Transit Service | 17 |
| | Transit Alternatives Studied..... | 17 |
| | Internal Transit Circulation | 18 |
| | Phase 1 - Core Area Shuttle | 19 |
| | Phase 2 - Intercept Connector | 19 |
| | Phase 3 - Community Circulator | 19 |
| | Implementation of a Rail Spur..... | 20 |
| | Summary of Potential Rail Service Demand..... | 20 |
| | Summary of Initial Rail Corridor Feasibility Assessment (HDR) | 23 |
| | Potential Negative Impacts of a Rail Spur | 24 |

| | |
|-------------------------------------------------------|----|
| Potential Benefits of a Rail Spur..... | 24 |
| Guiding Principles for Rail Spur Implementation..... | 25 |
| Role of a Rail Spur in Girdwood Valley | 26 |
| Valley Entry and Resort Base Multimodal Centers | 28 |

Map 6. Diagram of Circulation Problems

Map 7. The Internal Transit System

Map 8. Rail Corridor Alternatives

7 ROADS, STREETS, TRAILS AND PEDESTRIAN SYSTEMS.....31

| | |
|------------------------------------------------------------|----|
| The Valley Trail System | 31 |
| The Pedestrian Environment..... | 33 |
| The Roads and Streets Plan | 34 |
| Emergency Access and Egress | 34 |
| Commercial Area Parking..... | 37 |
| New Townsite Streets..... | 38 |
| Neighborhood Connectivity and Distribution of Traffic..... | 38 |
| Alyeska Highway: Speeds and Traffic Calming..... | 39 |
| Projects and Roadways No Longer Planned..... | 40 |

Map 9. Primary Trails

Map 10. Modified Roads and Streets Plan

Map 11. Composite Transportation Systems Map (Roads, Transit, Trails)

SECTION THREE: THE COMMERCIAL AREAS **MASTER PLAN**

8 OVERVIEW OF THE COMMERCIAL AREAS MASTER PLAN.....41

| | |
|----------------------------|----|
| Underlying Principles..... | 41 |
|----------------------------|----|

Map 12. Commercial Area Relationships and Land Use Strategies

9 THE NEW GIRWOOD TOWNSITE45

| | |
|------------------------------------------------------------------|----|
| Overall Community Goals for the New Townsite | 46 |
| Factors That Will Influence Development in the New Townsite..... | 47 |
| Organizing Concepts in the New Townsite Plan..... | 48 |
| Hightower as Girdwood’s New Main Street..... | 50 |
| Townsite Development North of Alyeska Highway..... | 52 |
| Townsite Development South of Alyeska Highway..... | 55 |
| Vehicular Circulation..... | 57 |
| Parking | 58 |
| Transit Service to the New Townsite..... | 60 |
| Pedestrian Linkages and Improvements | 60 |
| Parks and Public Spaces..... | 62 |
| Housing and the Golf Course Development..... | 66 |
| Utilities | 66 |
| Recommended Development Standards and Design Guidelines..... | 67 |

Map 13. Existing Conditions

| | | |
|-----------|------------------------------------------------------------------|-----------|
| 10 | THE VALLEY ENTRY AND THE ORIGINAL GIRDWOOD TOWNSITE | 73 |
| | Community Objectives for the Valley Entry | 73 |
| | Factors That Will Influence Development in Old Girdwood | 73 |
| | Appropriate Land Uses and Desired Character | 75 |
| | Circulation Improvements | 76 |
| | Land Use Guidelines..... | 77 |
| | Development Standards and Design Guidelines | 77 |

Map 14. Existing Conditions

| | | |
|-----------|-----------------------------------------------------------|-----------|
| 11 | THE RESORT BASE AREAS | 79 |
| | The Old Resort Base | 80 |
| | Community Objectives for the Old Resort Base | 80 |
| | Factors That Will Influence Development | 81 |
| | Appropriate Land Uses and Desired Character | 82 |
| | Recommended Improvements in Circulation and Parking | 82 |
| | Recommendations to Increase Commercial Activity | 83 |
| | Design Guidelines..... | 83 |
| | The New Resort Base..... | 84 |
| | Community Objectives | 84 |
| | Factors That Will Influence Development | 85 |
| | Appropriate Land Uses and Desired Character | 85 |
| | Recommended Circulation Improvements | 86 |
| | Recommendations to Increase Activity at the Resort..... | 86 |
| | Design Guidelines..... | 86 |

Map 15. Existing Conditions

SECTION FOUR: IMPLEMENTATION

| | | |
|-----------|-------------------------------------------------------------------------------------|-----------|
| 12 | ACTION PLAN..... | 87 |
| | Essential Partnerships | 87 |
| | Key Implementation Elements in the Transportation Master Plan..... | 88 |
| | Key Public Sector Implementation Elements in the Commercial Areas Master Plan | 90 |
| | Prioritized Sequence of Actions and Decisions | 91 |

APPENDICES

- A. List of Prior Studies and Plans
- B. Minutes from Public Meetings, Week of March 29, 1999
- C. Minutes from Public Meetings, Week of May 25, 1999
- D. Minutes from Public Meetings, Week of September 7, 1999
- E. Rail Corridor Feasibility Analysis, by HDR Alaska, Inc. (appended under separate cover)
