

ALASKA MECHANICAL CONTRACTORS ASSOCIATION INC.

IN COOPERATION WITH:

IAPMO Anchorage Chapter

Presents: 8-hour continuing education for Mechanical Administrators:

DETAILS OF THE UNIFORM PLUMBING CODE

Friday, November 7, 2025

In the conference room of the Municipal Permit Office

REGISTRATION DEADLINE: October 12, 2025

Cost: \$ 195.00 (\$ 245.00 if postmarked after October 12, 2025)

Continental Breakfast, breaks and a full deli lunch with soft drinks

Are included in the cost of the seminar.

This course will present an informative, educational review of the Uniform Plumbing Code. We will cover a general overview of the current code with special attention paid to the changes in the 2024 code from the 2018 code and the 2024 proposed Anchorage Municipal amendments.

This course has been approved by the State of Alaska as no. 20651 to provide 8 hours of continuing education for Mechanical Administrators licensee's and industry related journeyman training.

Completion certificates will be issued to participants after the seminar.

About the speaker: Jason Fernandes has been the Coordinator of the UA Local 367 Plumbers and Pipefitters Training Center in Anchorage Alaska for the last five years and has been a trainer there for five years before that. He is a graduate of the Washtenaw Community College instructor training program and is continuing annual upgrade classes there.

Presents: 8-hour continuing education for Mechanical Administrators:

DETAILS OF THE INTERNATIONAL MECHANICAL CODE

Saturday, November 8, 2025

In the conference room of the Municipal Permit Office

REGISTRATION DEADLINE: October 12, 2025

Cost: \$ 195.00 (\$ 245.00 if postmarked after October 12, 2025)

Continental Breakfast, breaks and a full deli lunch with soft drinks
are included in the cost of the seminar.

This course will present an informative, educational review of the International Mechanical and Fuel Gas Codes. We will cover a general overview of the current code with special attention paid to the changes in the 2024 code from the 2018 code and the 2024 proposed Anchorage Municipal amendments.

This course has been approved by the State of Alaska as no. 20650
to provide 8 hours of continuing education for Mechanical Administrators licensee's
and industry related journeyman training.

Completion certificates will be issued to participants after the seminar.

About the speaker: Yars Dovba has been the Chief Plumbing and Mechanical Inspector for the Municipality of Anchorage since 2014. During this period, he oversaw five inspectors and worked on code interpretations with them. He was also in charge of scheduling future classes and code seminars. This gives him a lot of experience with the codes, policies and standards as applied to commercial, residential and retrofit installations
