

MUNICIPALITY OF ANCHORAGE

DEVELOPMENT SERVICES DEPARTMENT

ELEVATOR INSPECTION SECTION

Policy L.09

Posting of Elevator and Other Conveying System Certificates

This clarifies the location where certificates for elevators and other related conveying systems shall be posted.

For elevators, the current certificate or copy shall be posted within the elevator cab in a conspicuous place.

For dumbwaiters, vertical platform lifts, vertical reciprocating conveyors, and similar conveying systems with an actual cab, the current certificate or copy shall be posted within the cab in a conspicuous place.

For escalators, moving walks, inclined platform lifts (IPL), stairway chairlifts and similar conveying systems without an actual cab, the current certificate or copy shall be posted in a conspicuous place at either end of the conveyance. On an IPL the current certificate may be posted adjacent to the platform controls.

A handwritten signature in blue ink, reading "Kent Kohlase", written over a horizontal line.

Kent Kohlase, P.E., Building Official
