

# PLUMBING CONTRACTOR EXAM

1. Each applicant shall provide proof they have at least **12,000** hours of previous practical experience personally **installing, altering, and repairing work** in the plumbing trade. Only hours accrued while properly licensed and working for a legally licensed contractor in the Plumbing trade shall be credited towards the required 12,000 hours.

**Letters of proof shall be notarized on company letterhead from a certified contractor in the trade in which you are applying for.** The letter(s) need to say plumbing and need to **state and list actual hours** that you have accumulated in the plumbing trade, not just dates of employment. In Lieu of previous experience, (at the discretion of the Building Board, Mechanical Sub-Committee) credit may be allowed for each year and fraction thereof of attendance at a recognized school if the course taken by the applicant was primarily mechanical. **(WE DO NOT ACCEPT THE STATE FORM FOR VERIFICATION OF HOURS)**

2. Each applicant shall submit a copy of a current Alaska Department of Labor Certificate of Fitness Plumber Journeyman card complying with Alaska Statute 18.62.010.
3. Exam time limit is **four** hours.
4. There are six parts to this exam:
  - (1) 25 Contractor Business Questions
  - (2) 50 Gas Piping and Appliance Vent Questions
  - (3) 100 General Plumbing Questions
  - (4) Gas Piping Drawing
  - (5) Water Piping Drawing
  - (6) Waste and Vent Questions
5. Passing grade for Plumbing Contractor is 70% on **each section** of the test. Less than 70% on one section is considered failing for that section. In order to pass the exam, the failed section(s) will have to be retaken within 90 days of the original test date.
6. Required study references for this exam are the **Anchorage Administrative Code** (Sections 23.10.102), the **2018 Uniform Plumbing Code** (Chapters 2-10, and 13), and the **2018 International Fuel Gas Code** (Chapters 2-5), in addition to the **UPC** and **IFGC Local Amendments** adopted by the Municipality. The **UPC** gas sizing methods in sections 1215 and 1216 shall be considered acceptable methods of sizing gas piping. Additional helpful study reference is the **Uniform Plumbing Code Study Guide**.
