Central Wood Lot

These materials are accepted at the Central Wood Lot:

- Brush & branches
- Cut trees must be less than 6ft long
- Debris from residential properties only
- "Clean" tree stumps, they cannot have any rocks, dirt, landscaping debris attached

The Central Wood Lot materials will be put through a shredder which is why the following materials cannot be accepted and will result in a full charge load:

- Root clusters
- Grass or loose leaves (leaves not on branches)
- Dirt or rocks
- Bagged materials (no bags please)
- Garbage or metal
- Debris from a commercial property or land clearing activity is not accepted
- Lumber and wood fence posts (cannot have any metal, concrete, or other materials attached) fees apply
- Mixed loads (e.g. wood debris mixed with garbage and recycling) Please make a separate trip for garbage and recycling.

Rejected Loads

- Any prohibited items will be considered trash and diverted to Central Transfer Station for a fee
- **NO mixed loads of trash and organics/wood**
- **NO Bagged items**
- **NO PLASTICS OR OTHER CONTAMINANTS**
- Loads not covered and secured, will be charged a fee

When entering the Materials Recovery Facility, please notify scale house staff that you are visiting the Central Wood Lot and follow signs directing you to the specified area. Booth attendants can answer any questions you might have. The Central Wood Lot is monitored throughout the day.

Please be safe and aware at all times when accessing the area.
