REUSE PROGRAM

Paint & Materials Exchange

While you're at the landfill or transfer station, be sure to visit the Paint & Materials Exchange. When you drop off household hazardous materials, they are sorted and usable products are put in the exchange area. The Household Hazardous Waste program takes in between 50 and 100 gallons of paint each week. Sometimes paint cans even come in unopened. Also available through the Paint & Materials Exchange are household cleaning solvents, auto fluids, or lawn and garden chemicals, depending on availability.
