## New Location! Expanded Materials!

The recycling area at the Anchorage Regional Landfill has been expanded to include new materials and has been moved to make recycling and trash drop-off easier for everyone.

**To recycle**, drive through the old recycling area (a right just after passing through the landfill gates) and proceed on to the cash booth. You don't have to pay anything to use the recycling drop-off area but fees apply for trash drop-off, white goods and other items above specified quantities. **If the gate is closed**, go straight once you pass through the landfill gates and check in at the scale house.

The new area includes bins for #1 plastic bottles, #2 plastic jugs, aluminum cans, mixed paper and corrugated cardboard.
