**DEPARTMENT GOAL/PROGRAM STATEMENT**  
Department: Library

The goal of the Library for the 1984-1989 CIP is to acquire and provide an expanded collection of library materials, in partial fulfillment of professionally established national standards which will meet the informational, cultural, and recreational needs of the residents of the Municipality.

Collection Development:

The \$3,000,000 in requested state grant funding will provide for the acquisition, cataloging, and processing of library books, media materials, information services, and periodical publications for the headquarters library. The current underdeveloped collection will be enhanced so that the headquarters library can serve as the informational center for the residents of Anchorage, for Municipal and other governmental agencies, and for library users in southcentral Alaska under the state plan for cooperative library development, "Library Services for All Alaskans."
