

**MUNICIPALITY OF ANCHORAGE**  
DEPARTMENT GOAL/PROGRAM STATEMENT  
Department: Library

Department Goal

The goal of the Library for the 1985-1990 CIP is to acquire and provide an expanded collection of library materials in partial fulfillment of professionally established national standards which will meet the informational, cultural and recreational needs of the residents of the Municipality through the Headquarters Library and to establish a 10,000 square foot facility offering a full range of branch programs and information services.

Library materials

The funding requested in state grants will provide for the acquisition, cataloging and processing of library books, media materials, information services, and periodical publications for the Headquarters Library. The current underdeveloped collection will be enhanced so that the Headquarters Library can serve as the informational center for residents of Anchorage, for Municipal and other governmental agencies, and for library users in Southcentral Alaska under the state plan for cooperative library development, "Library Services for All Alaskans".

Chugiak-Eagle River Expansion and Relocation

This project establishes a branch library in the Chugiak-Eagle River area with 10,000 square feet gross space. The full range of branch programs and information services will be offered to approximately 20,520 Chugiak-Eagle River residents (1983 Planning Department estimate).
