

**STATE ROAD  
PROJECTS**

**MUNICIPALITY OF ANCHORAGE  
STATE ROADWAY IMPROVEMENTS**

**Program Statement:**

The State Roadway Improvement Program includes State projects proposed within the Municipality. The projects listed are primarily those identified in the State's CIP. A few additional improvements to State routes are included as a means of identifying other projects meriting capital expenditure. Municipal evaluation criteria were used in evaluating the merits of these projects.

Given that State Roadway projects are the responsibility of State DOT/PF, the amounts and sources of funds for these State roads have not been included in the Proposed 1994-1999 CIB/CIP financial summaries or as part of the anticipated appropriation documents prepared for Assembly approval.
