OFFICE OF THE MAYOR

September 21, 2001

Dear Residents of Anchorage:

I am pleased to present the Proposed 2002 Capital Improvement Budget (CIB) and 2002-2007 Capital Improvement Program (CIP). Capital projects contribute in a large way to improving the physical appearance of the city and enhancing the quality of life in Anchorage.

The six-year capital program addresses many of the needs of the community by maintaining and improving the existing capital infrastructure of roadways, buildings, police and fire vehicles/equipment, parks, cultural/recreational facilities and public transportation. The capital program strives to maintain and enhance the overall quality of life in Anchorage for the benefit of residents and to help attract new businesses and visitors to our City.

The Proposed General Government CIB/CIP will emphasize:

- upgrading and rehabilitating of municipal roadways;
- complying with state and federal mandates;
- upgrading public safety facilities, vehicles, and equipment
- upgrading and rehabilitating our city's highest-use, most visible public facilities.

This plan proposes \$52 million in general obligation bond proposals for the April 2002 election, to include Fire Stations, Police facilities, and Roads and Drainage, Parks and Recreation, and Loussac Library improvements. Some of these anticipated bond funds will be pledged as local match in order to obtain State capital matching grants during the 2002 legislative session.

Well-informed citizens are critical to the quality of life in our city. I encourage you to become familiar with the projects that are proposed for our city over the next six years and participate in the public review and comment process. Public hearings are scheduled for October 16 and 23 in the Assembly Chambers at Loussac Library.

Sincerely,

George P. Wuerch
Mayor
