This funding would be used to implement the remaining elements of the Community Park Master Plan Vision. The plan elements include a playground, sledding hill, security lighting and concession building design.

Comments

Abbott Loop Community Park is located in a higher density housing area needing outdoor community park elements like playgrounds, athletic fields, sledding hills and amenities to support park users. It is one of the newest parks in Anchorage and provides for year round family and community recreation as well as linkage to the Far North Bicentennial park trail system. Summer activities include little league baseball and soccer.

Description

Funds will be used to replace dilapidated and out of date restroom facilities.

Comments

In 2012 the Department worked with the NE community to complete a campground improvement plan that would upgrade campground facilities to meet the needs of modern RV and tent campers. Many of the items were completed during the 2013 construction season, however one large line item, the bathroom buildings, require additional funding to complete. The existing restroom facilities are old, difficult to maintain and constantly in disrepair. The restrooms need to be upgraded to meet the needs of modern campers, but also be functional to maintain.

Existing grant funds are being used to design the new restroom facilities and new funding will be used for construction of the facilities.

Description

Funds will be used to install an outdoor gathering/picnic area and repair the basketball court.

Comments

This neighborhood park (the one with the gorillas along the Chester Creek Trail) is in proximity to children and adults that live in high density housing. The open space is under utilized and improvements will bring more people to the park. The basketball court is well-used, but needs repairs to keep it in safe operating condition. Asphalt is cracking and hoops are in poor shape.

Park Maintenance performs monthly safety inspections and repairs as necessary.

Description

Add light poles and LED light fixtures to the new Chester Creek Trail and Campbell Creek Trail Connection from the Tudor Road overpass all the way to Goose Lake Park.

Comments

Trail user safety is a priority for the Department and the residents of Anchorage. The Chester Creek Campbell Creek trail connection is a well used and recently installed multi-use greenbelt that completes the link between two major non-motorized transportation and recreation greenbelts within Anchorage. Trail safety will increase with the addition of lighting for the long winter months. LED technology continues to decrease in cost and the utility bills are a fraction of traditional lighting technology.

The department has recently completed transitions to LED technology at Beach Lake, a small segment at Russian Jack and the Speedskating Oval at Cuddy Family Midtown Park. We are currently in design and engineering to convert all of the ski trail lighting at Kincaid and Far North as well as the exiting lighting on Chester Creek and Campell Creek. Completing this missing link is the next logical step.

Comments

Chugach Foothills Park is an important playground for the Muldoon-Tudor Curve/Scenic Foothills neighborhood. The playground and safety surfacing need to be compliant with current industry-wide safety standards and the park's playground needs to accommodate children of all ages and abilities.

Comments

The Mountain View Community Council and the Anchorage Community Land Trust have expressed the need for these activities in Mountain View, where there is a concentration of kids who skate and ride bikes. Additionally, there is a lack of disc golf courses in NE Anchorage.

We have received letters and resolutions of support for a skateboard, pump track and disc golf course from the Mountain View Community Council and the Anchorage Community Land Trust.

Comments

Delaney Park is one of Anchorage's oldest and most celebrated parks. Funds are needed to maintain Delaney Park as a vibrant public space serving all of Anchorage. The initial phase of the project approved by Anchorage Voters in 2007 upgraded basic park amenities.

Project ID APR2014056 **Department** Parks and Recreation
Project Type New **Start Date** August 2015
Location Assembly: Section 3, Seats D & E, 16-H: College Gate, 19-J: Mountainview, 22-K: Sand Lake, HD-SD: Community-wide, Community: Spenard, Community: Turnagain
End Date December 2018

Description

Identify appropriate parks in the Anchorage Bowl where dog park development is appropriate. Create design and management guidelines to assist the department in building and maintaining dog parks.

Comments

Anchorage residents love their dogs! Currently, Anchorage has 6 official dog parks, and one more in development. Arctic Benson Park is the only dog park that is completely fenced. There is demand for more fenced dog parks throughout the bowl. Funds will be used to systematically identify the next, most appropriate places to build dog parks. Additionally, this project will develop dog park design and management guidelines. Another project is underway to formalize a fenced off-leash area at Valley of the Moon Park.

Project Type Rehabilitation **Start Date** August 2015
Location Assembly: Section 1, Seat B, 18-I: **End Date**
 Spenard, Community: Downtown

Description

In order to create a more attractive and safe downtown environment, substantial infrastructure improvements will occur in the downtown area between C and I Streets and 4th and 7th Avenues. Planting beds will be constructed to accommodate adequate tree root and canopy growth. Existing tree wells will be repaired for pedestrian safety.

Project ID APR2014060 **Department** Parks and Recreation

Description

Funds will be used to improve circulation within the park and to the Coastal Trail, replace an aging playground, remove a dilapidated restroom that doesn't function, and repair turf, landscaping and park amenities.

Comments

The Parks & Recreation Department in partnership with the Anchorage Park Foundation and a group of neighbors have developed an initial project list to make quick landscape improvements. However, the group quickly realized that the issues would require more funding than is currently in-hand. In the summer of 2013, there was a volunteer fix-it day to complete small landscape and signage improvements, and a contractor began the first phase of circulation and safety improvements that the community had requested; however, additional funding is need to complete these projects.
