Public Health Facility Replacement FF&E

Project ID HHS98001 **Department** Health & Human Services
Project Type Upgrade **Start Date** February 2018
Location Assembly: Areawide, HD 50: Anchorage **End Date** September 2020
 Areawide

Description

The Municipality is seeking funding for the Furniture, Fixtures and Equipment (FF&E) associated with the replacement of the 9th and L Street headquarters for the municipal Health & Human Services department.

Comments

The facility was first built in 1960 as a three-story hospital and subsequently expanded to five floors. Currently, the facility houses the Health & Human Services department of the MOA, serving residents of Anchorage as a major health care clinic. The new building proposal involves redevelopment of the current DHHS location as well as development in the Tudor area. FF&E is not included in the cost of the DHHS facility replacement and must be funded separately.

Legislative Scope

Replacement of the facility is necessary because 1) the structure and its major systems have passed their useful life expectancy, resulting in high maintenance costs, 2) the configuration of the facility was not designed for its current use, resulting in inefficient use of space, and 3) non-friable asbestos exists throughout the building, creating a potential health hazard. FF&E is a critical for operations in the new facility.
