Loussac Library Children's Area Renovation

Project ID	LIB2020004	Department	Library
Project Type	Improvement	Start Date	June 2021
District		End Date	December 2023

Community Council**Description**

This project will renovate the children's area on the second floor of Z.J. Loussac Library. One of the most popular and well-used spaces in the Library, the area has not been updated since the Library opened in 1986. In addition to an outdated floor plan that hinders efficiency, the space looks worn down and the carpet is unpeeling and worn in many places. The project includes architectural and engineering design; replacement of carpet, shelving, and furniture; lighting, structural, and heating, ventilation, and air conditioning (HVAC) upgrades; and a reconfiguration of the layout to be more welcoming to children and more efficient for the modern needs of a library.

The 2013 Loussac Library Master Plan and a 2017 cost estimate by HMS put the project at \$2.35M (includes construction, architectural/engineering (A/E), project management, permits, 1% for art, and contingency) for a spring 2021 construction date.

The Library seeks guidance from the Administration on the best approach to funding this project, potentially over several bond cycles. We could use a first-year bond to fund A/E fees, as well as some of the most critical needs, and seek a second bond to complete the project. It is possible that if a bond is passed, the Library Foundation could use that to leverage future private funding.

Comments

Generations of Alaskans have grown up in the Loussac Library children's area. It is a place where our children take their first steps, read their first words, and meet their first friends. It is also where they learn about being part of a community that is bigger than themselves and their families. Parents come to the space because it allows them to meet other supportive adults, find resources for parenting, and introduce their children to the joy of reading.

However, after over thirty years of use, the children's area is showing its age. The children who first enjoyed the space are now bringing their own kids. An investment in this space will show our community that Anchorage cares about and invests in our young people. The Library is a critical piece in our community's early literacy initiatives, and a commitment in this area is needed more than ever. In Anchorage, only 43% of students enter Kindergarten ready to learn. A vibrant and exciting children's area at Loussac Library can be a centerpiece for our city to overcome this grim statistic.

Already a popular space, the Library has full audiences for daily storytimes and can bring in thousands for special events like Harry Potter's Birthday and Noon Year's Eve. A newly renovated children's area will draw even larger audiences and ensure that more Anchorage families take advantage of this valuable resource for early learning and childhood development.

Project Type	Rehabilitation	Start Date	January 2023
District	Assembly: Areawide	End Date	December 2028

Community Council

Description

Construction for Phase 2 of the Loussac Renewal

Comments

The Z.J. Loussac Library (Loussac) is one of Anchorage’s premier cultural institutions, completed in 1986 as part of the “Project 80s” investment in public facilities. In commemoration of the 25th Anniversary of the Loussac, the Municipality launched a once-in-a-generation renewal of this vital and beloved Anchorage institution. The Loussac Library Master Plan of 2011--produced by a team of architects, engineers, and library experts--laid out a complete plan to address building deficiencies, improve building systems, and bring the facility up-to-date to respond to today’s community needs.

The first phase of the Master Plan--a renovation of the entrance and ground floor--was completed in 2017, but more work remains to be done.

There is \$40M worth of work to be done on the facility. Specific project tasks to be addressed in a second and final renovation include:

- Seismic upgrades
- Energy efficiency improvements
- Americans with Disabilities Act (ADA) upgrades
- Building system upgrades/repairs
- Life safety upgrades
- Renovations to public spaces on the 4th floor and children’s area to respond to community demand for education and workforce development programs
- New furnishings, carpet and signage to match the new spaces
- Interior and exterior refinishing

The Municipality and the Anchorage Library Foundation will work with private funders and the State of Alaska to secure grants to match the Municipal bond when the state has recovered from the recession. \$4M is needed for design work as the first step.

Mountain View Library - Upgrades and Addition

Project ID LIB2021001 **Department** Library
Project Type Renovation **Start Date** June 2023
District 19-J: Mountainview **End Date** December 2025

Community Council

Description

Upgrades and addition to the Mountain View Library. \$2.5M for design, construction, furnishings, fixtures, and equipment for rehabilitation and upgrades.

Comments

Opened in 2009, the Mountain View Library has demand and usage that far exceeds the original capacity of the building. The original floor plan for the building does not adequately serve today's needs--there is a demand for computers and collaborative work areas, dedicated teen areas, and small study rooms that the Library is currently unable to meet. Additionally, after almost ten years of heavy wear-and-tear, the building is in need of new paint, surfaces, and furniture. This critical infusion of maintenance and upgrades at the ten-year+ mark will make sure the Municipality extends the life of this valuable community asset.

Muldoon Library Relocation

Project ID LIB2020001 **Department** Library
Project Type New **Start Date** June 2024
District Assembly: Section 5, Seats H & I **End Date** December 2027

Community Council

Description

Construction of a new library location in the Muldoon area. The first year request is for architectural and engineering design costs, and year two is for construction costs.

Comments

The library plans to move to a new location that has better visibility and is more closely tied into the recent housing and retail developments that have grown in the area. There is an increased population and development moving into Muldoon, creating a need and opportunity for the library to lease a space that is better suited for community needs. Improvements would include a a building with better visibility, a meeting room that could be used when the library is closed and more space for local teens and children.
