**Description**

This capital request seeks funding for the acquisition of police fleet. The request aims to enhance operational efficiency, improve safety, and address the needs of the department by investing in new vehicles. This capital request aligns with our strategic goals of improving public safety, operational effectiveness, and cost management.

**Comments**

At present, the Anchorage Police Department (APD) fleet includes = approximately 500 police cars, each of which has a fully outfitted replacement cost of approximately \$75,000. Industry standard would be to retire vehicles after 10 years of service, which would result in the MOA buying 50 cars a year at an annual cost of \$3.75 million. This funding would accommodate an annual purchase of 40 vehicles, resulting in vehicles being retired at 12.5 years.

<b>Community Council</b>	Campbell Park		

**Description**

The Anchorage Police Department's (APD) Elmore Station is a key facility that serves the community and houses essential law enforcement operations. The exterior structure has shown signs of wear and requires repairs. This proposal seeks approval and funding for Phase 1, which includes the design of structural improvements and exterior painting.

The scope of work will involve assessing and repairing necessary structural damages and painting the exterior to enhance its aesthetic appeal and provide long-term protection against weathering and deterioration. These improvements will ensure the building remains safe, functional, and visually appealing.

**APD Elmore Station Parking Lot Reconstruction**

<b>Project ID</b>	PD2023003	<b>Department</b>	Police
<b>Project Type</b>	Reconstruction	<b>Start Date</b>	January 2026
<b>District</b>	Assembly: Section 4, Midtown, Seats F & G	<b>End Date</b>	December 2026
<b>Community Council</b>	Campbell Park		

**Description**

The Anchorage Police Department's (APD) Elmore Station parking lot is experiencing significant deterioration, including uneven pavement and surface failures that contribute to water accumulation during springtime. These conditions lead to hazardous standing water, ice buildup, potholes, and premature wear of the parking area, posing safety concerns and reducing functionality.

This proposal requests approval and funding for Phase 1 of design and reconstruction of the parking lot to meet current standards. The scope of work may include the possible relocation of utilities as well as adjustments to any other amenities or site features impacted by the rehabilitation effort.

**APD Emergency Vehicle Operations Course (EVOC) Pad**

<b>Project ID</b>	PD2023007	<b>Department</b>	Police
<b>Project Type</b>	New	<b>Start Date</b>	April 2025
<b>District</b>	Assembly: Section 2, Chugiak/Eagle River, Seats A & C	<b>End Date</b>	December 2028
<b>Community Council</b>	Birchwood		

**Description**

Anchorage Police Department (APD) is currently allowed to use Joint Base Elmendorf-Richardson's (JBER) emergency vehicle operations course (EVOC) to provide training to officers on the following:

- Emergency Vehicle Driving Requirements
- Emergency Vehicle Characteristics
- Emergency Vehicle Driving Dynamics
- Emergency Vehicle Driving Techniques

Per JBER, we will not be able to continue to use their EVOC pad as it is in critical need of repair.

APD is requesting their own EVOC pad to be built at the Birchwood Range.

Constructing an EVOC pad at the Birchwood Range is critical for maintaining the high standards of emergency vehicle training for APD. Approval and funding for this project will ensure that APD officers are proficient in emergency vehicle operations, thereby enhancing their safety and effectiveness in the field.

Operations and maintenance (O&M) costs will be evaluated as the project develops.

<b>Community Council</b>	Campbell Park		

**Description**

The Anchorage Police Department (APD) currently operates three separate evidence warehouses. This fragmentation leads to inefficiencies in evidence management, increased operational costs, and potential security risks. This proposal seeks approval and funding to acquire new property and construct a consolidated evidence warehouse that will centralize all evidence storage under one roof, improving efficiency, security, and cost-effectiveness.

Operations and maintenance (O&M) costs and savings will be evaluated as the project develops.

**Description**

The Anchorage Police Department (APD) Elmore Station, constructed in the 1980s, is in urgent need of bathroom and locker room renovations to meet current standards and improve the working conditions for our officers and staff. This building has eleven (11) bathrooms and two (2) locker rooms, all which are from the original build.

The APD Training Center has recently gone through a remodel, but the ten (10) bathrooms and two (2) locker rooms were not addressed.
