STATE ROADWAY IMPROVEMENTS

Program Statement

This section of the 1996-2001 Capital Improvement Budget/Program identifies priority improvements to State routes that are not included in the State CIP. Municipal evaluation criteria were used in evaluating the merits of these projects.

Given that State Roadway projects are the responsibility of State DOT/PF, the amounts and sources of funds for these State roads have not been included in the 1996-2001 CIB/CIP financial summaries or as part of the anticipated appropriation documents prepared for Assembly approval.
