## 2002 General Government Operating Budget SUMMARY OF REVENUES

The following highlights some of the revenue changes in the 2002 approved budget. Revenue information provided in the details of the General Government Operating Budget has been expanded to record the 1999 and 2000 actual amounts collected in each revenue account. For comparison, information regarding the 2001 Revised and 2002 Approved budgets continue to be reported in the Revenue section as well.

1. **Federal Revenues.** (0.2%) For 2002 the Municipality expects to receive a \$128,440 increase from the Federal government in the Payment in Lieu of Property Taxes program. This program compensates the Municipality for non-taxable Federal land located within Anchorage's boundaries. The program's total funding in 2002 is \$383,440.
2. **State Revenues.** (5%) During the 2001 legislative session the Legislature increased funding to local governments as part of the State's Revenue Sharing/Safe Communities program. Anchorage's increase in 2002 is \$447,650, which brings total State operating budget revenues in 2002 to \$12,181,140.
3. **Local Revenue – Taxes, Interest, Other.** (17%) Overall, revenues in this category decrease by \$3.5 million. Changes of note are:
  - Tobacco Taxes – Decrease of \$1.1 million, bringing 2002 revenues to \$4.8 million;
  - Hotel/Motel Bed Taxes – Increase of \$800,000, bringing 2002 estimated revenues to \$12 million. Fifty percent of the taxes collected are given to the Anchorage Convention and Visitors Bureau as a grant to promote tourism;
  - Motor Vehicle Rental Taxes – Increase of \$450,000, bringing 2002 revenues to \$3.5 million;
  - Earnings on investment of general obligation bond proceeds and the Municipality's cash pools – Decrease of \$3.9 million, resulting in an estimated \$5.1 million in investment earnings.
4. **Local Revenue – Program.** (13%) The 2002 approved budget relies on \$4.9 million in increased revenues to be generated from increases in user fees and fines that were approved by the Assembly in late 2001. These efforts achieve a policy goal of more closely associating cost-causer with cost-payer, as well as diversifying the Municipality's revenue sources.
5. **Property Taxes.** (57%) The 2002 budget proposes to tax the maximum amount pursuant to the existing Tax Cap. Preliminary calculations are that the total limit for all taxes in 2002 will be \$168 million, of which an estimated \$153.2 million will be from property taxes.

6. **Fund Balance.** (2%) The Administration is continuing its efforts to minimize reliance on prior year's lapsed funds (fund balance) to pay for the next year's spending. The unpredictability in fund balance available makes this an unreliable source to cover recurring expenses. For 2002, the approved budget applies \$3.9 million in fund balance from the five major funds (this compares to \$10.3 million used in 2001). Included in this amount is \$1 million from the \$2.4 million Bank of America settlement that was used to cover 2002 operating budget costs. Another \$2 million from the balance in the Equipment Maintenance Fund (Fund 601) is also tapped.

In addition to the above revenue sources, general government also will receive an estimated \$17.8 million (6%) in intra-governmental charges (IGCs) that are paid by non-general government unites (i.e., utilities) and indirect cost charges to grants. This amount is a \$1.5 million increase above 2001.
