### **MUNICIPALITY OF ANCHORAGE**

### ASSEMBLY MEMORANDUM

### AM No. 224-2012

Meeting Date: April 10, 2012

FROM:

MAYOR

SUBJECT: A RESOLUTION OF THE MUNICIPALITY OF ANCHORAGE REVISING AND APPROPRIATING FUNDS FOR THE 2012

GENERAL GOVERNMENT OPERATING BUDGET FOR THE

MUNICIPALITY OF ANCHORAGE

Assembly Resolution 2012-98 reflects the Administration's proposed revisions to the 2012 General Government Operating Budget. The proposed package updates projected revenue, fine tunes 2012 costs, and funds items that were not anticipated at the time the 2012 budget was approved last December.

 When compared to the 2012 budget approved in December, the proposed revised direct cost budget increases by \$1.9 million. Underlying this number are shifts in revenue sources based on updated information and expenditure adjustment primarily due to unanticipated events. A detailed listing of each change is attached to this AM. Highlights include:

### Use of Prior Year Fund Balance

Careful management of department budgets resulted in a \$7.7 million savings in the five major funds (property taxes) at year-end. Each year this savings is rolled forward as revenue to help pay for the following year's budget, which reduces the amount of property taxes that otherwise would be needed. This roll forward of property taxes is a credit against the amount of property taxes that otherwise would be collected from the respective service areas taxpayers.

The 2012 Budget as approved last December already uses \$4 million of this year-end savings. The revised budget uses the remaining \$3.7 million.

### **Expenditure Adjustments**

An increase of \$1.2 million in direct costs is proposed, which reflects \$2.2 million in savings and \$3.4 million in cost increases. The major increase is \$1.7 million for snow removal.

### Revenue Adjustments

As a result of updating revenue projections, there is a \$3.3 million decrease in non-property taxes primarily due to a \$2.2 million decrease in investment earnings and a \$803,000 decrease in anticipated MUSA/MESA payments.

### Total Property Tax Requirement

The revised budget requires an additional \$2.4 million in property taxes and comes in \$501,464 below the amount allowed under the Tax Cap. When compared to 2011, taxes required to pay voter-approved debt service increase \$6.7 million (13.5%) while total property taxes increase 2.6% (\$5.8 million).

This memorandum transmits the ordinance to establish the 2012 tax rates and tax levies for all service areas of the Municipality of Anchorage general government.

13

14

15

16 17 The change in tax rates and tax levies from AO 2012-39 to AO 2012-39 (S) is due to the amendment proposed by Assembly Chair Hall that is included in the proposed 2012 Revised General Government Operating Budget presented in Assembly Resolution 2012-98 (S). The amendment is for a \$40 thousand expenditure budget increase in the Assembly Department, Areawide General Fund (101) to pay for a review and other costs associated with the April 3 municipal election.

18 19 20

21

22 23 On average, the mill rate is 7.85 (the same as stated in AO 2012-39), which is slightly higher (0.19) than the 2011 average mill rate. This translates into a property tax increase of \$19.00 annually per \$100,000 of assessed valuation. Of note is that the mill rate to pay voter approved debt increases 0.20 mills (\$20.00 per \$100,000 of assessed valuation) when compared to 2011.

THE ADMINISTRATION RECOMMENDS APPROVAL OF THE ORDINANCE SETTING THE RATES OF TAX LEVY, APPROVING THE AMOUNT OF MUNICIPAL PROPERTY TAX, AND LEVYING TAXES FOR ALL SERVICE AREAS OF THE MUNICIPALITY OF ANCHORAGE GENERAL GOVERNMENT FOR 2012.
