## Mayor's Plan for Fiscal Sustainability

The Mayor's goal is to manage spending in a manner that is sustainable and affordable to taxpayers, today and into the future. For the past five years, the Administration has delivered budget surpluses primarily due to the departments' ability to continuously identify and implement efficiencies.

A key priority in managing spending is to realign the growth of the City's largest expenditure category - labor, with CPI and revenue growth. Another key priority is to control debt by issuing new general obligation (GO) bonds in an amount that is lower than the principal being paid off. Additionally, the Administration will identify efficiency opportunities that could include developing a shared services program with the Anchorage School District (ASD).

Although 2015 is the last budget of the Mayor's second term, his goal remains consistently to promote public safety, seek operational efficiencies, and provide a high level of public service.

## 2015 Continuation Budget

The continuation budget illustrates how much it would cost to provide current (2014) levels of services in the next budget (2015) year.

Starting with the 2014 Revised budget, spending changes are projected for personnel and other ongoing costs. Next, 2014 nonrecurring spending is removed from the budget. The 2015 continuation level spending plan results is $\$ 5.2$ million lower budget than in 2014.

Projected funding source changes are then identified. Property taxes, the largest source of local funding, are established at 3\% over 2014 levels. Non-property tax revenues are projected based on recent economic trends and fund balance, which is a non-recurring funding source, is removed. The resulting 2015 continuation level funding change is $\$ 8.3$ million lower than 2014.

After known program changes are posted, the 2015 continuation budget indicates a funding gap of $\$ 1.8$ million. To ensure a balanced budget, this gap must be addressed by either reducing services or increasing funding sources.

The 2015 continuation spending change of $\$ 4.0$ million, resulted from:

- Wages projected to increase by $1.5 \%$ in 2015 over 2014
- Health benefit costs remaining flat due to the success of the new health plan design
- Contractual increases of $\$ 1.2$ million in line with projected increases in Hotel / Motel Tax revenues and Alaska Center for the Performing Arts (ACPA) and Museum cost escalators
- Debt service, primarily GO bond and Tax Anticipation Notices (TANS), scheduled increase of $\$ 0.5$ million
- A reduction of $\$ 2.9$ million in the Police and Fire Retirement prefunding requirement

Spending reductions of $\$ 9.2$ million resulted from removing non-recurring activities funded in 2014, including:

- Spending for Fire and Police academies
- $\$ 2.0$ million contribution to MOA Trust Fund (730)
- $\$ 0.9$ million for CBERRRSA contribution to capital
- $\$ 0.7$ million for contingency to accommodate changes in ASD basic need
- $\$ 0.5$ million for Electronic Plan Review
- $\$ 0.4$ million funding for 2014 November election
- $\$ 0.4$ million for Ship Creek Development
- $\$ 0.9$ million for Hilltop settlement
- $\$ 0.4$ million for Operations and Maintenance (O\&M) reserve

2015 continuation funding source changes include:

- Tax cap property tax revenue increase of $3.0 \%$, before funding voter approved O\&M.
- Non property tax revenues increased by $\$ 1.0$ million for
o Taxes within the tax cap of: $\$ 0.1$ million increases each to Auto Tax and Motor Vehicle Rental Tax; \$0.2 million increase to Tobacco Tax; \$0.3 million increase to MUSA/MESA
o $\$ 1.9$ million increase for Room Tax
o $\$ 1.6$ million net reduction in other activity-based revenues
- Fund balance and contribution revenue of $\$ 15.7$ million used as a funding source for one-time spending was removed.

The continuation spending increases exceed the funding sources, which resulted in a continuation gap of $\$ 3.1$ million, before balancing of self-sustaining funds and service area tax change. Once these factors were considered, the continuation budget challenge was $\$ 1.8$ million.

The 2015 budget could be balanced by reducing services or increasing funding sources. To ensure sustainability, the Administration strives to match recurring revenues with ongoing services.

Mayor's Proposed 2015 Budget
The 2015 Proposed General Government Operating Budget is a balanced budget at $\$ 471,432,512$, which is $\$ 5,232,084$ lower than the 2014 Revised budget.

The 2015 Proposed budget is balanced by adjusting spending to match available and proposed funding, while achieving the goals of the community. The spending adjustments include ongoing efficiencies identified by departments and miscellaneous savings matched with ongoing revenue sources. Some one-time spending items, including Assembly and

Municipal Attorney software and Police academy costs, are matched with anticipated onetime fund balance.

## 2015 Approved Budget

The 2015 Approved General Government Operating Budget is a balanced budget at $\$ 474,016,337$; an increase of $\$ 2,583,825$ over the Mayor's Proposed budget, primarily due to S-version changes and an Assembly amendment, and \$2,648,259 lower than the 2014 Revised budget.

The changes from Proposed to Approved are primarily tax supported and include:

- S-version change to Community Development department retaining Deputy Director/Building Official position; professional services for Hansen permitting; and a new Structural Inspection position.
- S-version change to increase functional software support and/or subject matter experts in the Finance, Fire, Internal Audit, Office of Management and Budget, and Police departments.
- S-version change to allow for an additional $1.5 \%$ in executive raises.
- S-version change to provide funding for ongoing operations in the Health and Human Services, Library, Mayor, Municipal Attorney, Parks and Recreation, Police, and Public Transportation departments.
- Assembly amendment reinstating an Associate Planner position in the Community Development department.

Chart 1, reflects the approved budget categories as a percent of the total budget.

Personnel, or total compensation, is the largest spending category, including wages, wage adjustments (PIP, education, etc), medical benefits, retirement, social security, vacancy factor, retirement, social security, vacancy factor,
etc. The majority of the budget increases are in this category as a result of increased continuation personnel costs, offset by proposed reduction for personnel alignments.

Other Services includes discretionary and non-discretionary spending, non-labor expenses, and contracts. Contributions, including one-time expenses and contributions to Police and Fire

## Chart 1.

2015 Approved Budget Categories budget.

Retirement are in this category.
Debt Service is primarily comprised of repayment of voter approved general obligation (GO) bond debt for capital projects and other principal and interest payments. GO debt service is included in the tax cap, and thus the related debt service increase results in the same amount of tax dollar increase.

The following Table 2 reflects the approved budget by department.

## 2015 Approved Revenue and Funding Sources Highlights

Annually, the Mayor is required to propose a balanced budget. Since the Mayor's Proposed budget identified $\$ 471.4$ million in spending, it also provided \$471.4 in funding sources.

The Approved budget of $\$ 474.0$ million is supported by $\$ 474.0$ million in funding sources, as exhibited in Chart 2, with a $\$ 2.6$ million increase from Proposed, due to Sversion changes and an Assembly amendment.

The funding sources are comprised of $\$ 265.6$ million of property tax revenue, $\$ 170.4$ million of nonproperty tax revenue, $\$ 36.1$ million of IGC revenue and \$1.8 million of fund balance.

## Taxes-Property - \$265.6 million

The amount of taxes the Municipality collects is governed by a Tax Limit (also known as the tax cap) that calculates two numbers important to the budget and taxpayers:

- The maximum amount of all taxes the city can collect; and
- The maximum amount of property taxes that can be collected.

As shown in Table 3, the preliminary (the final limit is calculated in April) 2015 Tax Limit calculation indicates that $\$ 312.7$ million in all taxes can be collected (not subject to the Tax Limit is another \$16.8 million in mill levies set by service area boards). This is a $\$ 4.1$ million increase above the same limit that could have been collected in 2014. At the same time, there is a $\$ 3.4$ million increase in the maximum amount

| Table 3. <br> Tax Limit Calculation <br> (\$ millions) |  |  |  |  |  |  |
| ---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $\mathbf{2 0 1 4}$ |  |  |  |  |  |
|  | $\mathbf{2 0 1 5}$ | Difference |  |  |  |  |
| Maximum Amount ALL Taxes | $\$$ | 308.6 | $\$$ | 312.7 | $\$$ | 4.1 |
| (Less) Non-property Taxes | $\$$ | $(63.0$ | $\$$ | $(63.7)$ | $\$$ | $(0.7)$ |
| Maximum Amount PROPERTY Taxes | $\$$ | 245.6 | $\$$ | 249.0 | $\$$ | 3.4 |
| Amount "under the cap" | $\$$ | $(6.3)$ | $\$$ | $(0.2)$ | $\$$ | 6.1 |
| Property taxes to be collected | $\$$ | 239.3 | $\$$ | 248.8 | $\$$ | 9.5 | of property taxes that can be collected in 2015.

The reason for an increase in one limit but not the same amount in the other is the core of the tax cap's design - every dollar in non-property tax replaces a dollar in property tax. The difference of $\$ 0.7$ million is the net increase in the other taxes within the tax cap that automatically reduce the same amount in property taxes and is comprised of:

- $\$ 0.1$ million increase in Automobile Tax
- $\$ 0.2$ million increase in Tobacco Tax
- $\$ 0.1$ million increase in Motor Vehicle Rental Tax
- $\$ 0.3$ million increase in MESA/MUSA

The 2015 Approved budget relies on $\$ 248.8$ million in property taxes subject to the tax cap, that is $\$ 0.2$ million below the maximum allowed under the preliminary 2015 tax cap. It is a $\$ 9.5$ million (4.0\%) increase from the amount of property taxes collected in 2014 for general government.

The property taxes supporting the 2015 Approved budget, inclusive of service areas (\$16.8 million), is $\$ 265.6$ million. Table 4 illustrates the property tax impact per $\$ 100,000$ of property value, with 2015 based on the current assessed valuate and average mill rate. The average property tax went down from 2014 due to the 2015 preliminary assessed

| Table 4. |  |  |  |  |

| (Excludes Anchorage School District) |  |  |  |  | value increasing by $4.57 \%$ over the 2014 assessed value.

Non-Property Tax Revenue - $\mathbf{\$ 1 7 0 . 4}$ million
In 2015 there is a $\$ 1.0$ million increase in this category of revenue, including:

- Taxes-Other, Payments in Lieu of Taxes (PILT)
- Licenses and Permits, Program Fees
- State and Federal Revenues
- Restricted Contributions, Transfers from Other Funds,
- Other, Special Assessments, Fines and Forfeitures, Investment Income

## Taxes-Other - \$94.1 million

Revenue from non-property taxes; tax cost recoveries, penalties and interest; and payments made by utilities, Municipal enterprises, and private companies instead of taxes to the Municipality, state, and federal governments (PILT) that have substantively changed in 2015. Representative examples include:

Auto Tax (within Tax Limit Calculation) - The 2015 budget is $\$ 11.6$ million, a $\$ 0.1$ million increase from 2014. The factors that affect the auto registration tax revenues are: total population growth, proportionally faster growth of exemptions, and an increase in average age of vehicles. The increase in revenues due to population growth are anticipated to be offset by the declines due to more exemptions and the increase in the average age of cars resulting in a less than 1\% change from 2014 to 2015.

Tobacco Tax (within Tax Limit Calculation) - A total of $\$ 23.2$ million is expected, which is an increase of $\$ 0.2$ million compared to 2014. This increase is anticipated to be generated from annual CPI adjustment in the cigarette tax rate, offset with continued decline in number of taxable cigarettes, and trending growth in revenues from other tobacco products (OTP).

Motor Vehicle Rental Tax (within Tax Limit Calculation) - The 2015 budget is $\$ 5.6$ million, a $\$ 0.1$ million increase from 2014 budget, driven primarily by the projection of the number of tourists expected in 2015. The 2015 budget is $3.5 \%$ higher than the 2014 year-end actuals projection and about 2\% higher than the 2014 budget.

MUSA/MESA (within Tax Limit Calculation) - A total of $\$ 20.4$ million is expected for MUSA/MESA, including $\$ 0.3$ million more than the 2014 budgeted amount. These revenues will be updated in the spring during the 2015 Revised budget to include most recent millage and plant values.

Hotel/Motel Room Tax - A total of $\$ 25.7$ million from the $12 \%$ room tax is expected in 2015 for a $\$ 1.9$ million increase from the 2014 budget, based on projected tourism growth. The 2015 budget is $3.5 \%$ higher than the 2014 year-end actuals projection and is about $8 \%$ higher than the 2014 budget. Revenue from the tax is split three ways- $4 \%$ to tourism marketing; $4 \%$ for convention center debt; and $4 \%$ to general government.

## Licenses and Permits; Program Fees - \$34.3 million

This category includes fees paid for services, such as land use permits and bus fares. Changes in 2015 include, but are not limited to:

Taxicab Permits - A total of $\$ 0.8$ million is projected in 2015. This is an increase of $\$ 0.4$ million from the 2014 budget, to reflect the actual trend and an anticipated issuance of 5 disability taxicab permits next April. The last disability permit offering averaged \$45,000 per taxicab.

Local Business Licenses - The 2015 budget of $\$ 0.1$ million is significantly less (70\%) than 2014 budget of $\$ 0.4$ million. The reduction affects only the Building Service Area Fund (163000), due to the biennial building licensing cycle and 2015 being an odd year. Full biennium fees are due in February of even years. Licenses paid after that date are prorated for the remaining months of the biennium.

Building Permit Plan Review Fees - A total of $\$ 2.5$ million is projected in 2015, which is an increase of $\$ 0.3$ million from 2014 budget, in line with 2014 anticipated actuals.

Transit Bus Pass Sales and Transit Fare Box Receipts - A total of \$2.6 million and \$1.6 million respectively, is budgeted in 2015, with a reduction of $\$ 0.2$ million anticipated from each revenue source.

Ambulance Service Fees - A total of $\$ 7.4$ million is projected in 2015, reflecting an increase of $\$ 0.1$ million from 2014. The billing and processing contractor has improved performance and overall collection rates have stabilized.

Police Services - A total of $\$ 0.2$ million is expected in 2015 , which is a decrease of $\$ 0.3$ million for these revenues from APD details at SOA road construction sites. Overall, State requests have been consistently declining.

## State Revenues; Federal Revenues - $\$ 17.9$ million

This category includes revenue received by general government from state and federal governments.

State Revenues (General Assistance) - A total of $\$ 13.9$ million is expected from revenue sharing from the State of Alaska. This is a decrease of $\$ 0.8$ million from the 2014 budget and is set according to a preliminary estimate from the SOA. The SOA revenue sharing has been consistently around $\$ 15$ million in recent years.

## Restricted Contributions; Transfers from Other Funds - $\$ 13.0$ million

Transfers from Other Funds include Restricted Contributions, which include reimbursement from the Anchorage School District for a dedicated internal auditor. Contributions from Other Funds include utility revenue distribution and a dividend paid from MOA's Trust Fund (created with the proceeds from the sale of the Anchorage Telephone Utility).

Restricted Contributions (Restricted Contribution, Contributions from Other Funds) - The 2015 Contributions from Other Funds budget is $\$ 0.6$ million, a decrease of $\$ 0.2$ million to reflect the removal of 2014 one-time contribution funding.

Transfers from Other Funds (Contribution from MOA Trust Fund) - The 2015 MOA Trust Fund dividend is anticipated to be $\$ 5.2$ million, which is $\$ 0.3$ million more than 2014. Additionally, the 2015 Utility Revenue Distribution in AMC 26.10.065, from ML\&P increased by $\$ 1.2$ million based on projected revenues.

## Special Assessments; Fines and Forfeitures; Investment Income; Other - \$11.1 million

 Revenue that has substantively changed in 2014 includes:
## Fines and Forfeitures (SOA Trial Court Fines, APD Counter Fines, Other Fines and

 Forfeitures) - A net increase of $\$ 0.2$ million is anticipated for Fines and Forfeitures. An increase of $\$ 0.1$ million is expected in SOA Trial Court Fines due to a projected increase in the Permanent Fund dividend, increasing the amount that can be garnished from those that fail to pay these fines, and an increase of $\$ 0.2$ million is budgeted in APD Counter Fines in line with anticipated citations. These increases are offset by a $\$ 0.2$ million decrease in Other Fines and Forfeitures resulting from the impact of AO 2014-96, adopting a calendar year basis for Police false alarm charges with an annual re-set and replacing the annual security alarm registration fee requirement with a one-time registration fee.Investment Income (Cash Pool Short-Term Interest, Other Short-Term Interest) - The combined 2015 budget is decreasing by $\$ 1.1$ million from the 2014 budget. The general
government cash pool interest in Cash Pool Short Term Interest is expected to decline by $\$ 0.7$ million, including a projected $\$ 0.4$ million decrease in Other Short-Term Interest.

## Intra-Governmental Charges (IGCs) - $\$ 36.1$ million

IGCs are charges for services provided by one Municipal organization to another. For example, the Maintenance and Operations Department maintains all general government buildings. Maintenance costs are budgeted in Maintenance and Operations and "charged out" through IGCs to the appropriate users. By using an intra-governmental charge system, the full cost of a program-including overhead-is linked to the program's budget. This system also allows departments to charge Municipal utilities, grants, capital projects and other special revenue funds for services.

In 2015, IGCs are anticipated to generate $\$ 36.1$ million in "revenue" which is $\$ 0.1$ million more than 2014, which is relatively flat and reflective of the changes in the proposed budget.

As part of the annual budget process, IGCs will be updated during first quarter budget revisions.

## Fund Balance

Fund balance is generally defined as the difference between a fund's assets and liabilities.
This category of financing sources includes unspent funds at year-end in governmental operating funds. These balances then may be used to help pay for the following year's budget, reducing the amount of funding from other sources that otherwise would be required to support the spending from the respective fund. With the exception of Areawide Fund (101000), the 2015 Approved budget does not use any fund balance in the taxed service area funds. As part of the annual budget process, fund balance will be reviewed during first quarter budget amendments to ensure that the funds remain in compliance with the Municipal fund balance reserve policies.

The 2015 fund balance use of $\$ 1,253,100$ in Areawide Fund (101000) is to fund one-time items including: Assembly meeting manager software, Fire academy, Police academy, and completion of Municipal Attorney eDiscovery software implementation.

Several programs generate revenue that is placed in self-sustaining funds to pay operating costs. For example, Development Services receives revenue from construction-related permits; Heritage Land Bank receives revenue from the sale of Municipal property; and the Dena'ina Center receives bed tax revenue to pay its debt service.

A net of $\$ .6$ million of fund balance in these funds is projected to be used (decreased) or created (increased) based on the 2015 Proposed budget and is comprised as follows:

- $\$ 0.7$ million use - Anchorage Building Safety Service Area Fund (163000)
- $\$ 0.1$ million creation - Public Finance and Investment Fund (164000)
- $\$ 2.1$ million creation - Convention Center Operating Reserve Fund (2020X0)
- $\$ 0.9$ million use - Heritage Land Bank Fund (221000)
- $\$ 1.1$ million use - Self Insurance Fund (602000)
- $\$ 0.1$ million use - Management Information Systems Fund (607000)

Anchorage Building Safety Service Area Fund (163000) and Heritage Land Bank Fund (221000) show use / decreases in fund balances. These will be reexamined in first quarter budget amendments. Fund balance use in the Anchorage Building Safety Service Area

Fund (163000) may require a policy decision if the permit revenue continues to be less than the cost of the programs it is meant to support; Heritage Land Bank Fund (221000) fund balance use may be adjusted in the revised budget to reflect increases in projected revenue from property sales, leases and land use permits that may occur after the initial 2015 budget approval.

Self Insurance Fund (602000) is an internal service fund used to accumulate and allocate costs for workers' compensation and general liability services to other Municipal departments and agencies on a cost-reimbursement basis. The 2015 Approved budget IGC revenue is based on 2014 reimbursement rates. As part of the annual budget process, the IGC rates will be updated during first quarter budget revisions to fully reimburse this fund without the use of fund balance.

Convention Center Operating Reserve Fund (2020X0) is a special revenue fund primarily funded with Room Tax revenue. The resources in this fund may be used only for the bonded debt service, lease payments, carrying costs, and operation, and/or maintenance of the convention center.

Management Information Systems Fund (607000) is an internal service fund used to accumulate and allocate service costs from the Information Technology Department to other Municipal departments and agencies on a cost-reimbursement basis. The 2015 Approved budget IGC revenue is based on 2014 reimbursement rates. As part of the annual budget process, the IGC rates will be updated during first quarter budget revisions to fully reimburse this fund without the use of fund balance.
