Mayor's Budget

The 2020 Proposed Budget prioritizes public safety and community well-being. As the State of Alaska shifts costs to local government, the Municipality of Anchorage (MOA) has stepped in to address and mitigate the impacts of the State's retreat from its historical funding commitments. The MOA continues to maintain a AAA bond rating, which has helped stabilize Anchorage's economy, even in the face of the State's economic and fiscal challenges and downgrade in its bond rating.

In 2020, residential property taxes, for general government, remain virtually unchanged. Budget highlights include the deposit of proceeds from the sale of ML&P into the municipal trust, as well as continued efficiency in local services: aside from public safety, over the past 4 years, departmental budgets have been reduced by approximately 4%, in addition to absorbing the costs of inflation.

The continued focus on public safety in 2020 includes: annual academies for Police and Fire; increasing the capacity of dispatch; and new officers for trail safety. Other increases in the 2020 Proposed Budget are primarily due to rising labor and medical costs and the need for MOA to cover costs traditionally handled by the State.

In short, the 2020 Proposed Budget addresses high-priority community needs and paves the way to a strong, sustainable fiscal future for the MOA.

2020 Continuation Budget

The MOA budget is based on a continuation budget; a continuation budget illustrates how much it would cost to provide current (2019) levels of services in the next budget (2020) year.

Starting with the 2019 Revised budget, spending changes are projected for personnel and other ongoing costs. Next, 2019 non-recurring (one-time) spending is removed from the budget. The 2020 continuation level spending plan result is about flat compared to the 2019 Revised budget.

The continuation spending increase of about \$5.9 million, resulted from:

- Personnel \$6.6 million increase (not including reversal of One-Time Items from 2019)
 - Wage increases based on existing collective bargaining agreements (CBAs), ranging from 0% to 1.5%
 - Health benefit costs increasing
 - Opt-out reductions for medical and social security
- Debt Service \$3.1 million decrease
 - General obligation (GO) bond debt service is expected to decrease according to debt schedules
 - Tax Anticipation Notices (TANs) debt service is anticipated to decrease.
 Although there is a reduction in anticipated debt service, there is also an equivalent reduction in anticipated revenues for these notes.
- Hotel/Motel Tax \$1.1 million increase in line with required allocation and use of Room Tax revenues
- Reversal of One-Time Items from 2019 \$1.7 million decrease of non-recurring personnel and non-labor activities in multiple departments

- Police & Fire Retirement \$1.4 million increase for retiree insurance and contributions to the Certificates of Participation (COPs) Fund that was used to pay the Police & Fire Retirement Trust Fund
- Contracts, Other, and Fleet Adjustments \$1.6 million increase, to include:
 - Assembly Vote-by-Mail facilities lease and annual financial audit contract increase
 - George M. Sullivan Arena net operating deficit
 - Depreciation for hardware / software
 - o Leases and utilities
 - Towing contracts
 - Ammunition increases
 - Fleet maintenance and operations

Projected continuation funding source changes are next identified. Property taxes, the largest source of local funding, are established based on the projected taxing capacity for 2020, using preliminary numbers to calculate the Tax Cap. Non-property tax revenues are then projected based on recent economic trends. The resulting continuation level non-property tax revenue funding change is \$0.4 million higher than 2019.

Continuation funding source changes include:

- Property tax revenue increase to the cap
- Non-property tax revenues highlights include:
 - Dividend from Anchorage Water Utility
 - o Removal of Build America Bonds (BABs) Subsidy
 - Reduction in revenues derived from Permanent Fund Dividend (PFD) garnishments
 - o Reduction in investment income
 - o Reduction in State Revenue Sharing / Community Assistance Program
 - o Room Tax increase
 - MUSA/MESA increase
- Fund balance adjustments for 2019 activity were removed

2020 Proposed Budget

The 2020 Proposed General Government Operating Budget (GGOB) is a balanced budget at \$539,175,580.

The 2020 Proposed budget is balanced by adjusting spending to match available and proposed funding including some proposed fee changes, while achieving the goals of the community. The spending proposals include ongoing support for Homelessness programs, Public Safety, and other adjustments, to include:

- Annual academies for Police and Fire Departments
- New Dispatchers / non-sworn positions
- New Patrol Officers for trail safety, etc. (strikethrough indicates S version change)
- New Homeless and Behavioral Health Systems Coordinator (strikethrough indicates S version change)
- Homeless program support to include Mobile Intervention Team (MIT), matching housing and homelessness ongoing services support to Stolt Building and Mid-Town Day Shelter private investment, homeless camp cleanup/abatement (underline and strikethrough indicates S version change)

- Assembly interpreter services
- Inclusion of i-team Special Administrative Assistants
- Exemption review project
- Inclusion of Women, Infants, Children (WIC) Program Manager

2020 Approved Budget

The 2020 Approved General Government Operating Budget (GGOB) is a balanced budget at \$540,246,879, an increase of \$1,071,299 from the 2020 Proposed budget. The increase from the Proposed budget is comprised of S Version changes that take into consideration Assembly member recommendations and Assembly amendments that were approved by majority Assembly vote on November 19, 2019, as follows:

S Version changes include language changes and department direct cost adjustments totaling \$521,192 funded with projected increases in the MOA Trust Fund Contribution, revenue recovery from the Property Appraisal – Exemption Review Project, and Room Tax revenue and department reductions, and include:

- Contractual increases related to Room Tax revenue increase
- Assembly increase for departmental labor and non-labor adjustments
- New Behavioral Health Analyst position with July 1 start
- Community grant to Coalition to End Homelessness for data/outcomes coordination
- New bus route to provide service to Old Seward Highway and 36th Avenue (Loussac Library)
- Reductions for ML&P Restricted Rate Reduction (RRR) and energy-efficiency study

Assembly amendments include department direct cost adjustments totaling \$550,107 funded with projected increase in the MOA Trust Fund Contribution and department reductions, and include:

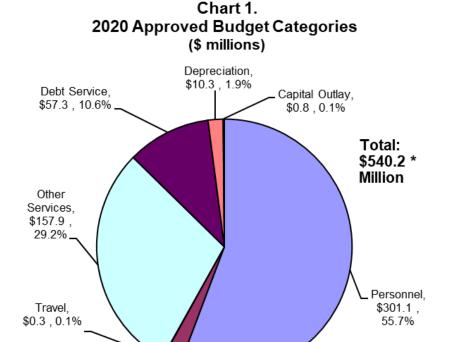

- Land use study for selecting a site for the Chugiak Eagle River Cemetery
- Grant to assist students with high Adverse Childhood Experience (ACE) scores
- Operationalize homeless shelter capacity
- Reductions to Payroll Audit position, i-team position, Library cleaning, and travel budget in Information Technology and Public Transportation

The 2020 Approved budget is \$13,403,583 higher than the 2019 Revised budget.

Chart 1 reflects the main budget categories as a percent of the total budget.

Personnel, or total compensation, is the largest spending category, including wages, wage adjustments (performance incentive program (PIP) pay, education, etc.), medical benefits, retirement, social security, vacancy factor, etc. The majority of the budget increases are in this category as a result of increased continuation personnel costs; included in this category is an increase of six months for 16 Bus Operators and 1 Dispatcher that were budgeted to start July 2019.

Other Services includes nonlabor discretionary and nondiscretionary spending, including contracts and utilities. Contributions, including one-time expenses

and contributions to programs, such as Fleet capital program and Police & Fire Retirement programs are in this category. The Continuation realignment of the Fleet rates for maintenance, operations, and capital program is in this category and moved a portion of the contribution budget from the Police Department to the Maintenance & Operations Department to reflect proposed vehicle purchases in 2020. This category also includes management of municipal-owned facilities including convention and performing arts centers; sports and ice arenas; the Anchorage Golf Course; and the Anchorage Museum, all within the Office of Economic & Community Development. The majority of the costs for the Limited Road Service Areas (LRSA) are also included in this category in the Public Works Administration Department.

Supplies,

\$12.5, 2.3%

Debt Service is primarily comprised of repayment of voter approved GO bond debt for capital projects and other principal and interest payments; GO debt service is included in the tax cap, and thus any related debt service increase results in the same amount of tax dollar increase. Other debt service included in this category is for Lease/Purchase Agreements that may be used for financing capital projects that are not bondable, such as software and many Information Technology projects.

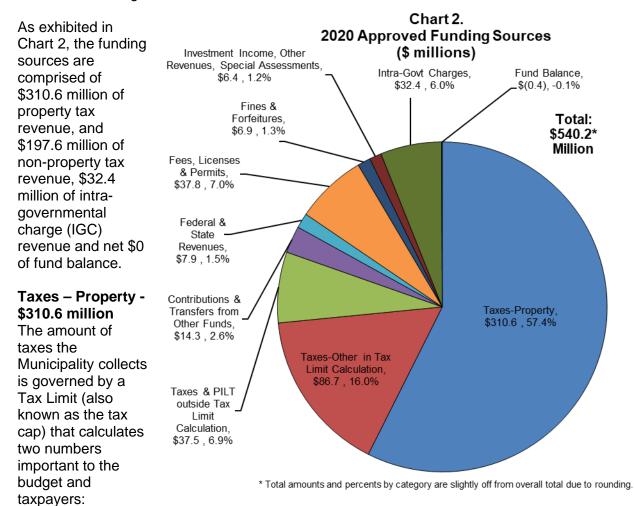

The following Table 1 reflects the 2020 Approved direct cost budget by department, with debt service and depreciation presented separately:

Depreciation of \$10,288,409, for the Information Technology Department, and primarily SAP, although budgeted, is not appropriated in the operating budget, since the appropriation / authority to spend for the assets being depreciated occurred either in previous GGOBs or capital requests, making the 2020 Approved budget appropriation \$529,958,470.

2020 Approved Revenue and Funding Sources Highlights

Annually, the municipality is required to have a balanced budget. Since the Approved budget identifies \$540.2 million in spending / funding uses, it also provides \$540.2 million in revenues / funding sources.

- The maximum amount of all taxes the city can collect; and
- The maximum amount of property taxes that can be collected.

The 2020 preliminary tax cap calculation uses 2019 property taxes to be collected and budgeted non-property taxes as the 2020 base. One-time settlements and debt service from 2019 are taken out then the remaining amount is adjusted for 2020 population and inflation, and 2020 new construction for growth is added. Next, 2020 one-time settlements and debt service are added, with the result being the maximum amount of all taxes that can be collected.

As shown in Table 2, the preliminary (the final limit is calculated in April) 2020 Tax Limit calculation indicates that a maximum of \$377.4 million in all taxes can be collected (not subject to the Tax Limit is another \$19.2 million limited by mill levies set by service

area boards). The calculation shows that the maximum amount of *property taxes* that can be collected is \$291.4 million, which is calculated by reducing the limit on all taxes that can be collected by the non-property taxes and then adding general government use of tax capacity within the Tax Cap. Note that the core of the tax cap's design is that when non-property taxes increase, property taxes to be collected decreases by the same amount – every dollar in non-property tax replaces a dollar in property tax. The following non-property taxes are included in the 2020 Approved budget and automatically reduce the same amount in property taxes:

- \$10.6 million Automobile tax
- \$20.7 million Tobacco Tax
- \$0.2 million Aircraft Tax
- \$4.0 million Marijuana Sales Tax
- \$7.5 million Motor Vehicle Rental Tax
- \$13.7 million Fuel Excise Tax
- \$0.9 million Payment in Lieu of Taxes (State & Federal)
- \$29.2 million MUSA/MESA

The 2020 Approved budget relies on \$291.4 million in property taxes, which is at the maximum allowed under the preliminary 2020 tax limit. It is a \$3.6 million (1.3%) increase from the amount of property taxes collected in 2019 for general government.

The total property taxes supporting the 2020 Approved budget, inclusive of service areas (\$19.2 million), is \$310.6 million. Table 3 illustrates the property tax impact per \$100,000 of

property value, with 2020 based on the current assessed value and average mill rate. The average property tax bill is projected to increase 0.6% from 2019 due to the 2020 property taxes to be collected going up 1.3% and the

Non-Property Tax Revenue – \$197.6 million

In 2020 there is a \$10.6 million overall increase in the revenue categories that include:

- Taxes Non-Property: Taxes Other/PILT in Tax Limit Calculation; Taxes Other/PILT outside Tax Limit Calculation; Payments in Lieu of Taxes (PILT)
- Contributions & Transfers from Other Funds

- Federal Revenues; State Revenues
- Fees & Charges for Services; Licenses, Permits, Certifications
- Fines & Forfeitures
- Investment Income; Other Revenues; Special Assessments

Taxes – Non-Property – Increase of \$4.6 million

This category includes non-property taxes and penalties and interest related to non-payment of taxes. Payments in lieu of taxes (PILTs) made by municipal utilities, municipal enterprises, and private companies instead of taxes to the MOA, state, and federal governments are also included in this category. Non-property taxes that are within the Tax Limit Calculation will offset property taxes dollar-for-dollar. Representative examples of changes in this category include:

<u>Property Tax Exemption Recoveries (outside Tax Limit Calculation)</u> – The 2020 budget proposes funding three new positions to review property tax exemptions. This review is anticipated to bring in about \$1.4 million (an S Version increase of \$0.3 million from 2020 Proposed projection of \$1.1 million) of recoveries from non-qualified exemption applicants from tax years 2015-2019 and to provide increased equity for all taxpayers in the Municipality.

Room Tax (outside Tax Limit Calculation) – The 2020 budget is anticipated to be \$30.9 million (an S Version increase of \$0.2 million from 2020 Proposed projection of \$30.7 million), which is \$2.6 million higher than the 2019 budget and about \$1.0 million higher than the revenues anticipated to be received in 2019 and in line with a projected average annual growth rate of 4% over the last five years.

<u>Tobacco Tax (within Tax Limit Calculation)</u> – The 2020 budget is \$20.7 million, a \$0.5 million reduction from 2019 primarily due to anticipated continued decline in population, decline in the number of people who use tobacco products, and small increases in the cigarette tax mill rate due to low inflation.

Motor Vehicle Rental Tax (within Tax Limit Calculation) – The 2020 budget is \$7.5 million and reflects an increase of \$0.4 million more than the 2019 budget of \$7.1 million. This increase is aligned with a 5% growth trend.

<u>MUSA/MESA</u> (within Tax Limit Calculation) – A total of \$28.2 million is expected for MUSA/MESA, which is an increase of \$1.3 million from the 2019 budgeted amount of \$26.9 million, due to projected changes in the utilities' and enterprises' net book values and tax district mill rates. These revenues will be updated in the spring during the first quarter budget revisions to include most recent millage and plant values.

Contributions & Transfers from Other Funds – Increase of \$6.2 million

Contributions & Transfers from Other Funds includes contractual contributions related to Room Tax, contributions from MOA's Trust Fund (created with the proceeds from the sale of the Anchorage Telephone Utility), and utility revenue distributions (dividends from municipal utility and enterprise departments).

Contribution from MOA Trust Fund – The MOA Trust Contribution (AMC 6.50.060) is set at 4.25% of the average asset balance of the projected overall pooled trust's portfolio value and the 2020 MOA Trust Fund dividend is anticipated to be \$6.6 million, which is \$0.1 million more than 2019. The deposit of the Municipal Light & Power sale proceeds of \$225 million mid-2020 is projected to increase the dividend by another \$2.9 million. The S Version

updated the estimate of the ML&P sale proceeds deposit to be \$234 million, resulting in an additional \$0.1 million dividend and an Assembly amendment increased the contribution to 5%, resulting in another \$0.6 million and bringing the total projected 2020 dividend to \$10.2 million.

<u>Utility Revenue Distribution</u> – Per AMC 26.10.065, a portion of a utility net income may be pledged to the general government. The 2020 budget includes \$3.3 million of Utility Revenue Distribution, an increase of \$2.4 million from 2019 budget of \$0.8 million. The \$3.3 million includes:

- \$1.6 million from Anchorage Water Utility (\$0 was budgeted in 2019)
- \$0.3 million from Solid Waste Services Refuse Collection (\$0 was budgeted in 2019)
- \$0.8 million from Solid Waste Services Disposal (\$0.2 million was budgeted in 2019)
- \$0.6 million from Port of Alaska (\$0.6 million was budgeted in 2019)

Federal Revenues: State Revenues – Decrease of \$0.6 million

This category includes revenue received by general government from federal and state governments.

<u>Build America Bonds (BABs) Subsidy</u> – The 2020 budget is \$0, a reduction of \$0.6 million. Due to the refunding of the 2010 Series A-2 (BABS) bonds, the Federal reimbursement for BABs no longer applies as of October 1, 2019.

<u>State Revenues (General Assistance)</u> – A total of \$4.6 million is expected from the State of Alaska (SOA) Community Assistance Program, which a reduction of \$1.5 million from the amount budgeted in 2019 but in line with the actual amount anticipated to be received in 2019.

Fees & Charges for Services; Licenses, Permits, Certifications – Increase of \$4.5 million

This category includes fees paid for services, such as land use permits and bus fares. Changes projected in 2020 include, but are not limited to:

Fees & Charges for Services

<u>Ambulance Service Fees</u> – An increase of \$3.3 million is projected from \$9.3 million in 2019 to \$12.6 million in 2020 to reflect the anticipated ambulance transports reimbursements related to the Supplemental Emergency Medical Transportation (SEMT) Medicaid reimbursement program based on an August 30, 2019 notification posting at https://aws.state.ak.us/OnlinePublicNotices/Notices/View.aspx?id=195325.

Reimbursed Cost-NonGrant Funded – The 2020 budget is reduced by \$0.5 million from \$2.7 million in 2019 to \$2.2 million in 2020 primarily related to the removal of the one-time recovery from Hotel/Motel Tax for the Harris Govern project and reduction of revenues related to the Criminal Defense Fees due to anticipated lower PFD than budgeted in 2019, thus lower PFD garnishments in 2020.

<u>Licenses, Permits, Certifications</u> – The \$1.9 million of changes in this category include about \$0.5 million in anticipated biennial fee payments for Plumber/Gas/Sheet Metal Certification and Local Business Licenses; about \$1.7 million of recently approved modified revenues related to the Building Safety Fund; offset with about \$0.3 million anticipated continuation decreases.

Fines & Forfeitures – Decrease of \$0.6 million

<u>SOA Traffic Court Fines, SOA Trial Court Fines,</u> – A net decrease of \$0.9 million is budgeted for these revenues based on anticipated lower PFD than budgeted in 2019 and thus lower PFD garnishments in 2020.

<u>Library Fines</u> – The 2020 budget is \$0, a reduction of \$0.1 million due to elimination of all fines on library cards. The elimination of these fines is expected to save on staff time and is considered an equity issue because fines are a deterrent for people in using the library because there are many families that cannot afford fines.

<u>APD Counter Fines</u> – Adjusted up \$0.5 million to \$1.9 million, assuming the level of traffic enforcement carried out in 2019 continues into 2020.

Investment Income; Other Revenues; Special Assessments – Decrease of \$1.7 million GCP Cash Pool Short Term Investment Income – General Cash Pools (GCP) Short-Term Interest is projected to be \$1.1 million lower in 2020 based on projected cash pool balances and interest rates.

<u>TANS Interest Earnings</u> – Tax Anticipation Notes (TANs) are short term notes issued by the Municipality for the purpose of raising funds to pay ongoing operating expenses. They are issued in anticipation of receiving property taxes and other revenues scheduled to be collected during the year. Although there is a \$0.6 million reduction in anticipated revenue, there is also a \$0.6 million reduction in anticipated debt service for these notes.

Intra-Governmental Charges (IGCs) - \$32.4 million

IGCs are charges for services provided by one Municipal organization to another. For example, the Maintenance & Operations Department maintains all general government buildings. Maintenance costs are budgeted as direct costs in Maintenance & Operations Department and "charged out" through IGCs to the appropriate users. By using an intragovernmental charge system, the full cost of a program—including overhead—is linked to the program's budget. The costs of workers compensation and general liability are charged to the departments as IGCs. This system also allows departments to charge Municipal utilities/enterprise, grants, capital projects, and other special revenue funds for services.

In 2020, IGCs are anticipated to generate \$32.4 million in funding source "revenue" which is \$1.1 million more than 2019 which is reflective of the changes in the 2020 budget and allocation methodologies. As part of the annual budget process, IGCs will be updated during 2020 first quarter budget revisions.

Fund Balance

Fund balance is generally defined as the difference between a fund's assets and liabilities. This category of funding sources includes unspent funds at year-end in governmental operating funds. These balances then may be used to help pay for the following year's budget, reducing the amount of funding from other sources that otherwise would be required to support the spending from the respective fund. The 2020 Approved budget includes an allowable tax increase recovery of \$1.9 million for a settlement that was paid in 2019 with fund balance.

As part of the annual budget process, fund balance will be reviewed during first quarter budget revisions to ensure that the funds remain in compliance with the Municipal fund balance reserve policies.

Several programs generate revenue that is placed in self-sustaining funds to pay operating costs. For example, Development Services receives revenue from construction-related permits; Heritage Land Bank receives revenue from the sale of Municipal property; and the Dena'ina Center receives Room Tax revenue to pay its debt service. A net of \$1.5 million of fund balance in these funds is projected to be used (decreased) based on the 2020 Approved budget and is comprised as follows:

- \$1.4 million use Anchorage Building Safety Service Area Fund (163000)
- \$0.3 million creation Public Finance and Investment Fund (164000)
- \$3.9 million creation Convention Center Operating Reserve Fund (2020X0) to be used only for convention center costs
- \$0.4 million use Heritage Land Bank Fund (221000)
- \$0.2 million use Self-Insurance Fund (602000)
- \$3.6 million use Management Information Systems Fund (607000)

Anchorage Building Safety Service Area Fund (163000), Heritage Land Bank Fund (221000), Self-Insurance Fund (602000), and Management Information Systems Fund (607000) show use / decreases in fund balances. These will be reexamined during the first quarter budget revisions.

- Fund balance use in the Anchorage Building Safety Service Area Fund (163000) may require a policy decision if the permit revenue continues to be less than the cost of the programs it is meant to support. The 2020 budget does include projected impacts of fee structure modifications that were approved by the Assembly.
- Heritage Land Bank Fund (221000) fund balance use may be adjusted in the revised budget to reflect increases in projected revenue from property sales, leases, and land use permits that may occur after the initial 2020 budget approval.
- Self-Insurance Fund (602000) is an internal service fund used to accumulate workers' compensation and general liability services and claims costs and allocate those costs based on an annualized reimbursement formula that establishes a rate for each Municipal department and agency. The 2020 Approved budget IGC revenue is based on 2019 reimbursement rates. As part of the annual budget process, the IGCs may be updated during first quarter budget revisions to reimburse this fund without the use of fund balance.
- Management Information Systems Fund (607000) is an internal service fund used to
 accumulate and allocate costs for Information Technology services to other Municipal
 departments and agencies on a cost-reimbursement basis. In addition to ongoing
 operating costs, this fund recovers, usually based on depreciation, the costs of
 Information Technology capital projects that were funded with Lease/Purchase
 Agreements. As part of the annual budget process, the IGCs may be updated during
 first quarter budget revisions to reimburse this fund without the use of fund balance.
