Purchasing

Description

The Purchasing Department is the office responsible for the acquisition of supplies, services, and construction supporting the operations of the Municipality. The Department is the entity within the Municipality authorized to issue Invitations to Bid and Requests for Proposals. The Department issues purchase orders, and contracts to acquire supplies and services. The Department also disposes of all municipal surplus property and equipment.

Department Services

The Purchasing Department is conscious of its responsibility and accountability in the expenditure of public funds. Therefore, the Purchasing Department maintains a competitive bidding process in accordance with Federal and State laws, regulations, and Municipal ordinances. It is the Purchasing Department's policy to encourage the participation of qualified vendors in the bidding process, emphasizing opportunities for small businesses and disadvantaged and women owned businesses. Preference may be given to local bidders when not prohibited by the funding source.

Projects and requirements for the Municipality vary widely and as a result, rely heavily upon the local business and contractor community to meet its needs. We encourage the local contractor community to participate in the various solicitation processes offered. A local bidder's preference is applied for these local businesses & contractors residing within the corporate boundaries of the Municipality. The use of minority and women owned businesses is encouraged, and participation goals for sub-contracting may be required depending on the source of funding.

Department Goals that Contribute to Achieving the Mayor's Mission:

Exemplary Municipal Operations – Improve the efficiency and effectiveness of Municipal operations to deliver services faster and better.

- Provide contract administration training to departments.
- Provide training to departments on the purchasing processes.
- Continue to work with and explore alternative procurement methods when contracting situations would benefit from their use.

PVR Measure WC: Managing Workers' Compensation Claims

Reducing job-related injuries is a priority for the Administration by ensuring safe work conditions and safe practices. By instilling safe work practices, we ensure not only the safety of our employees but reduce the potential for injuries and property damage to the public. The Municipality is self-insured and every injury poses a financial burden on the public and the injured worker's family. It just makes good sense to WORK SAFE.

Results are tracked by monitoring monthly reports issued by the Risk Management Division.
