Department Services

The Purchasing Department is conscious of its responsibility and accountability in the expenditure of public funds. Therefore, the Purchasing Department maintains a competitive bidding process in accordance with Federal and State laws, regulations, and Municipal ordinances. It is the Purchasing Department's policy to encourage the participation of qualified vendors in the bidding process, emphasizing opportunities for small businesses and disadvantaged and women owned businesses. Preference may be given to local bidders when not prohibited by the funding source.

Projects and requirements for the Municipality vary widely, and as a result, rely heavily upon local businesses and contractors to meet its needs. The Purchasing Department encourages local contractors to participate in the solicitation processes that are offered. For local contractors and businesses within the corporate boundaries of the Municipality, a local bidder's preference is applied; the use of minority and women-owned business is encouraged. Participation goals for sub-contracting may be required, depending on the source of funding.

Department Goals that Contribute to Achieving the Mayor's Mission:

Good Government – Ensuring ethical and accountable government, balancing the budget, and delivering quality, effective government services.

- Provide departments with the knowledge needed to successfully procure items/services at the best value for the city with minimal difficulty (standardize and streamline processes).
- Provide training to departments on the purchasing processes and contract administration to increase efficiency and accuracy.
- Ensure that procurements are made in compliance with all laws and policies, while measuring the accuracy and fairness of the Purchasing bidding process.

Building Our Future – Laying the foundation for a more prosperous future through housing solutions, economic development and investments in childcare, public infrastructure and quality of life.

- Increase local vendor participation in solicitations.
- Continue to work with and explore alternative procurement methods when contracting situations would benefit from their use.

Measure WC: Managing Workers' Compensation Claims

Reducing job-related injuries is a priority for the Administration by ensuring safe work conditions and safe practices. By instilling safe work practices, we ensure not only the safety of our employees but reduce the potential for injuries and property damage to the public. The Municipality is self-insured and every injury poses a financial burden on the public and the injured worker's family. It just makes good sense to WORK SAFE.

Results are tracked by monitoring monthly reports issued by the Risk Management Division.
