Overview of Major Revenue Sources

The following four pages describe the major revenue sources that make up over 75% of the \$488,442,877 of revenue that supports the 2019 Proposed General Government Operating Budget:

Property Taxes - Total

2019 Proposed Budget is \$300,801,023; 61.59% of Total Revenues

Real Property Taxes (Account 401010) - land, all buildings, structures, improvements, and fixtures:

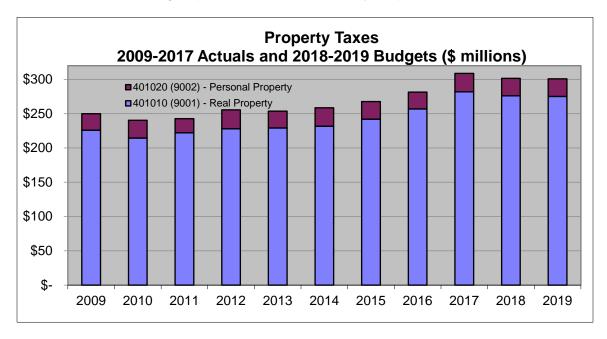

2019 Proposed Budget is \$275,215,608; 56.35% of Total Revenues

Personal Property Taxes (Account 401020) - any property other than real property: 2019 Proposed Budget is \$25,585,415; 5.24% of Total Revenues

Property taxes are used to fund services that are not covered by other funding sources. The maximum amount of property taxes that can be collected is established by the Tax Limit Calculation for areawide services and by Service Area Boards or code for limited and rural service areas. Property taxes are ad valorem, which means they are based on the value of the taxable property; taxpayers pay a flat rate per dollar value of taxable property tax that they own.

These revenues will be updated in the spring during the Revised budget process to include most recent millage and property values.

Additional Property Tax information is available online at www.muni.org/Departments/finance/treasury/PropTax

MUSA/MESA-Contributed/Non-Contributed Plant (Account 450060)

2019 Proposed Budget is \$27,706,396 5.67% of Total Revenues

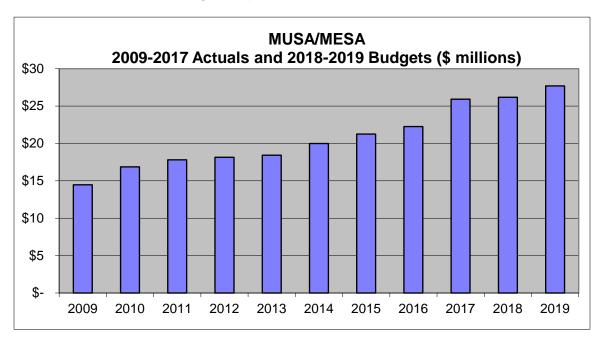

In accordance with AMC 26.10.025, Anchorage Water & Wastewater Utility (AWWU), Municipal Light & Power (MLP), and Solid Waste Services (SWS) are required to pay municipal utility service assessments (MUSA) and Merrill Field (AMC 11.60.205), Port of Anchorage (AMC 11.50.280), and Anchorage Community Development Authority (ACDA) (AMC 25.35.125) are required to pay municipal enterprise service assessments (MESA) as a payments-in-lieu-of taxes to help cover the cost of tax-supported services they receive (other than those services received on a contract or interfund basis).

Revenue from MUSA/MESA payments are included in Tax Limit Calculation, thus offset property taxes dollar for dollar, and are used to fund Areawide general services.

MUSA/MESA is calculated by applying the respective service area millage rate to the determined value of the entity's net plant (AWWU, MLP, SWS); adjusted plant (Merrill Field, Port); and net book value (ACDA).

The anticipated increase of \$1.5 million from 2018 to 2019 is primarily due to projected changes in the utilities' and enterprises' net book values and tax district mill rates.

These revenues will be updated in the spring during the Revised budget process to include most recent millage and plant values.

Room Tax (Account 401110)

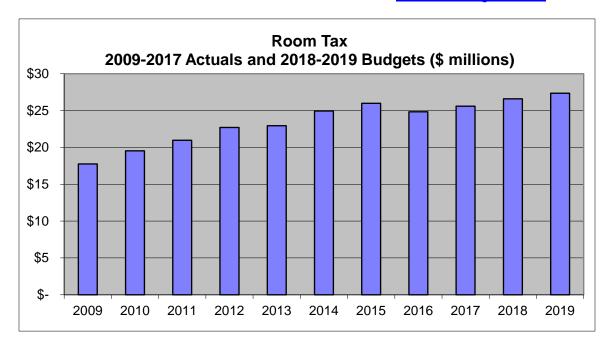

2019 Proposed Budget is \$27,354,442 5.60% of Total Revenues

In accordance with AMC 12.20, room tax revenue is generated from a 12% tax on room rentals of less than 30 days. Tax proceeds are split three ways: 4% is used to pay the debt service for the Dena'ina Civic and Convention Center; 4% is used to promote tourism; and 4% goes to general government.

Based on a review of tax returns for the first half of the year, 2018 year-end revenues are projected to be 4% higher than actual year-end revenues in 2017. 2019 year-end revenues are also projected to be 4% higher than actual year-end revenues in 2018. The projected 4% actuals growth rate for 2018 and 2019 is the long term average annual growth rate over the last seven years (from 2010 through 2017) with no special adjustments.

The year-end projection is rounded to the nearest 1,000,000. Depending on changes in room rates, revenues could be as much as +/-1% (about +/-\$270k) higher or lower than this projection.

Additional Room Tax information is available online at www.muni.org/roomtax

Tobacco Tax (Account 401080)

2019 Proposed Budget is \$22,000,000 4.50% of Total Revenues

In accordance with AMC 12.40.010, the cigarette tax rate is indexed to the consumer price index (CPI), so it increases January 1 of each year to reflect inflation.

Per AMC 12.40.020, tobacco taxes are also levied as 55% of wholesale price of other tobacco products (OTP) brought into the Municipality; this rate is not indexed with CPI.

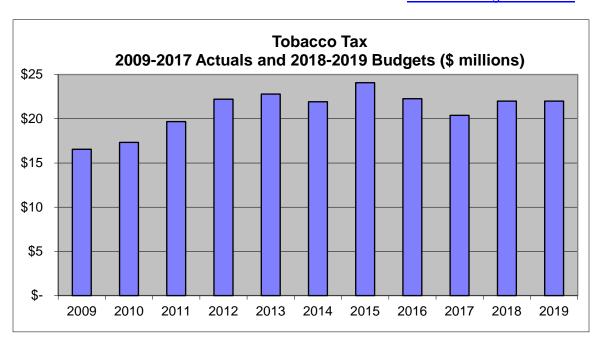

Tobacco taxes are included in the Tax Limit Calculation. Proceeds are used to fund areawide general services.

Projected year-end revenues in 2018 and 2019 are based on the annual average revenues over the past five years after removing the known one-time special adjustments to cigarette inventories (in particular, the unusual one-time \$1.1 million restitution payment in 2015 and the unusual one-time reductions in inventories in December 2017).

2017 year-end revenues were unusually low due to one-time adjustments to year-end inventories by two wholesale distributors. These reductions in inventories in December 2017 will likely be offset by additions to inventories in early 2018.

The projections for 2018 and 2019 include a projected annual -1.2% trend decline due to several factors offset by a small CPI increase in the cigarette mill rate from 120.5 to 122.4. The year-end projections are rounded to the nearest 1,000,000 to reflect the uncertainty in the estimate.

Additional Tobacco Tax information is available online at www.muni.org/tobaccotax
