Dear Residents:

Enclosed are the proposed 2021 Municipal Utilities and Enterprise Departments' Operating Budgets and their respective 2021-2026 Capital Budgets and Programs.

Municipal-owned utilities provide residents and businesses safe water and the collection and disposal of waste. Thanks to the efforts of Municipal employees, these utilities provide outstanding and efficient services to the residents of Anchorage.

In April 2018, voters approved the pending sale of one of our utilities, Municipal Light & Power (ML&P). The sale and acquisition of ML&P will be completed later this month and Chugach Electric, a member-owned cooperative, will take over ML&P's service area.

The Municipality of Anchorage (MOA) is continuing the work to stand up a storm water utility (SWU) in 2021. This new utility will provide a consistent revenue stream essential to maintaining and operating more than 400 miles of stormwater pipes, culverts, and infrastructure. The implementation of a SWU will continue to be discussed in greater detail over the coming months into 2021.

I invite you to review the enclosed proposal. Your feedback is important to the budget development process.

Regards,

Ethan Berkowitz
