

DAVID ZIEMER

Organization Representative

**David Ziemer, AIA NCARB
RIM Architects**

David Ziemer has over 12 years of professional architectural experience and is a registered professional architect in Alaska. David has extensive design and construction experience with both private sector and public facilities. As a professional architect, David had become extremely familiar with the planning and design of facilities that allow for access to those with disabilities. David has performed design work for new buildings as well as condition assessments for upgrades to existing buildings.
