

CHILD CARE LICENSING PROGRAM

PARENTS' GUIDE TO LICENSED CHILD CARE

This form is required to be included in a child care facility's policies and must be provided to parents at the time of enrollment.

◆ **Choosing care for your child is a significant decision.**

When you entrust the care of your child to another person, you are making an important decision. Visit, ask questions, and carefully compare several programs. Licensed care includes child care homes and centers. Your choice depends on what you want and need for your child.

◆ **Licensing is a key to quality child care.**

Licensing promotes good care by setting basic health and safety standards. Before a home or center is granted a child care license, it must meet minimum regulatory standards such as: health, safety, and program requirements. Child Care Licensing Specialists from the Child Care Licensing Program conducts on-site inspections at a facility to monitor regulatory compliance and to investigate reports of concern. The goal of licensing is to prevent predictable risks of harm to children; however, licensing cannot guarantee that a facility meets all requirements at all times.

◆ **An informed parent is a key to quality child care.**

Parents are responsible for choosing and monitoring their child's care. Licensors generally visit a minimum of twice a year, but you visit each time you take your child. Visit unexpectedly sometimes or in the middle of the day. Keep an eye on the quality of care. What do you see when you visit? Is the environment safe? Are caregivers knowledgeable, nurturing, and communicating with you about your child's daily care and needs? How many children are present, are there enough caregivers? Are activities appropriate? Watch how your child responds to the program and interacts with caregivers. Listen to what your child says and pay attention to changes in their behavior. It's ultimately a parent's decision to choose a facility which meets their family's needs and their standards for health, safety, and quality.

◆ **What to do if you have questions or concerns about the care your child is receiving:**

First discuss with your caregiver or the facility's Administrator or Child Care Associate if you have any concerns, observe any health or safety issues, or feel the facility's program needs improvement. If you are still concerned, believe children may be in danger, or feel a licensing standard has been violated, **contact the Child Care Licensing Program at 907-343-4758.**

CHILD-TO-CAREGIVER RATIO REQUIREMENTS FOR LICENSED CHILD CARE FACILITIES

CHILD CARE HOMES

- 1 caregiver required; must be at least 21 years of age
- No more than 5 children younger than 13 years of age, including the caregiver's own children, without fire safety approval
- No more than 8 children total younger than 13 years of age, including the caregiver's own children, with fire safety approval
- No more than 3 children under the age of 30 months
- No more than 2 children may be non-ambulatory
- No more than 5 children, including the caregiver's own children under the age of 18 years, are allowed in nighttime care between the hours

of 10:00 p.m. and 6:00 a.m., with fire safety approval

CHILD CARE CENTERS

- Administrator and/or Child Care Associates must be at least 21 years of age
- 9 or more children in care, with safety approval

The number of caregivers, who are at least 18 years of age, need to meet child-to-caregiver ratios:

- 1 caregiver for every 4 young infants (birth through 11 months)
- 1 caregiver for every 5 older infants (12 months through 18 months)
- 1 caregiver for every 6 toddlers (19 months through 35 months)

- 1 caregiver for every 10 preschool children (3 to 4 year olds)
- 1 caregiver for every 10 kindergarten children (5 to 6 year olds)
- 1 caregiver for every 10 school age children (7 through 12 year olds)

See AMC 16.55.170 for allowable maximum group sizes in a center

CHILD CARE FACILITIES MUST MEET THE FOLLOWING REQUIREMENTS

TO BE LICENSED

- Required to apply for a Provisional or Biennial License
- Must meet all licensing standards and requirements
- Must be in compliance with all licensing regulations
- Must allow the Child Care Licensing (CCL) program access to inspect the facility and premises to ensure licensing compliance and to investigate complaints
- All staff/household members must have valid criminal history check
- All caregivers must meet the licensing early child development training requirements

OBTAIN FROM PARENTS

- Child's immunization records or an approved exemption form
- Child emergency information
 - must be updated by parent when changes occur or at least semi-annually
- Permission for:
 - medication administration
 - transportation
 - field trip participation
- A plan of care for a child identified with a special need
- A behavior guidance plan for a child with a behavior issue

PROGRAM REQUIREMENTS

- Must promote children's healthy development
- Must include quiet and active, group and individual, indoor and outdoor activities
- Must include minimum of 20 minutes of vigorous physical activity for every 3 hours in care
- Must prohibit screen time viewing including T.V., computers and hand held devices for children under two years of age
- Must ensure screen time viewing for children two years and over is limited to 1 hour in a 24-hour period except for special occasions
- Must have a specialization approved by CCL to provide nighttime care or allow children to participate in a moderate risk activity

SUPERVISION

- Ensure children are always supervised by an adult caregiver
- Ensure children receive age appropriate supervision
- Ensure a child's whereabouts are known at all times while in care
- Ensure child-to-caregiver ratios are always met

SAFETY

- Must meet CCL and fire safety standards
- Must have an emergency evacuation plan, train staff, and document monthly evacuation drills
- Ensure water temperature is between 100 and 120 degrees Fahrenheit
- Ensure firearms and ammunition are stored properly away from children. Note: firearms and ammunition are prohibited in a child care center.
- Ensure the facility is free of hazards inside and outside
- Ensure electric outlets accessible to children under age 5, have child protective outlet covers

BEHAVIOR GUIDANCE

- Must be positive and never cruel, humiliating, or damaging to the child
- Must set realistic expectations and clear and consistent limits
- Must not be disciplined or punished related to eating, napping, or toileting
- Ensure if time-outs are used they are age appropriate and a child is never removed from other children for more than 10 minutes
- Ensure corporal punishment of children is prohibited. Note: corporal punishment means "the infliction of bodily pain as a penalty for a disapproved behavior. It includes: shaking, spanking, delivering a blow with a part of the body or an object, slapping, punching, pulling or any other action that seeks to induce pain.

HEALTH

- Ensure the facility meets cleaning and sanitation standards
- Ensure meals and snacks are nutritious and follow Alaska Food Program standards
- Ensure sanitary practices are used for food preparation and handling
- Must notify parents if their child is exposed to a contagious or communicable disease
- Ensure a medical provider approves attendance before admitting a seriously ill child
- Ensure drinking water is safe
- Ensure facility is smoke free
- Ensure there is always a caregiver with CPR and first aid certification present
- Ensure medicine and toxic materials are labeled and stored safely out of reach
- Ensure medicine is only administered with parent permission
- Ensure a caregiver's own child and all children in care are treated equitably

EQUIPMENT AND SUPPLIES

- Ensure furniture and equipment are safe and durable
- Ensure there is an adequate and varied amount of age appropriate toys and books available for children in care
- Ensure children have storage space for their belongings
- Ensure children under age 5 have a cot/mat/bed and bedding that is clean and sanitary for resting
- Ensure infants sleep on their backs in an approved crib free from materials and blankets that could increase the risk of suffocation

SPACE

- Must have indoor and outdoor space to accommodate the physical and developmental needs of children in care:
 - 35 square feet of usable indoor space per child
 - 75 square feet of usable outdoor space per child
