FROM HOMELESS TO STABLY HOUSED

Spring 2022 and beyond

A client and community focused approach for Anchorage

PUBLIC-PRIVATE PARTNERSHIP ENHANCING ANCHORED HOME

Anchorage's community plan to make homelessness rare, brief, and one-time

- **Multiple Navigation Centers:** Focused on moving people experiencing homelessness into permanent housing. Centers provide temporary living space while case managers connect individuals to jobs, public benefits, health services, shelter, and housing.
- **Smaller facilities** scattered around town.
- **Lessen impact** on any one neighborhood.
- **Focus on needs** of very different populations.
- **No wrong door;** coordinated entry.

EXIT SULLIVAN ARENA

About 400 people now housed there

Complements and integrates with established shelters, service hubs, and coordinated shelter intake

Return Sullivan to use as ice arena

TAILOR CARE TO CLIENTS

Thru navigation centers, shelters and transitional housing

Single adults

Purpose-built structure with emergency overflow capacity.

Special populations

Add housing units for couples, elders, women and LGBTQ+.

Complex needs

Renovate space to shelter the most vulnerable people.

Those in need of treatment

Open center for substance misuse treatment and housing.

STABLE HOUSING REMAINS THE GOAL

- + Add more than 300 units of workforce and permanent supportive housing.
- + Supports will ensure success: Case management, landlord liaisons and critical services.

A plan that Anchorage can be proud of. Let's care for our vulnerable neighbors compassionately and effectively.

Updated April 11, 2022. Proposal developed by working group from the Bronson administration and Anchorage Assembly.
