

Providing transitional living to people participating in substance use treatment **and** who are unhoused.

## GETTING STARTED

### Call 907-560-5550

Your journey to recovery starts with a call to an intake coordinator or clinician who will discuss your treatment goals. There are no written applications.

### Assessment

Assessments are done by the Anchorage Recovery Center to determine the level of care needed.

### Admission

Admission is scheduled and occurs as soon as a bed is available.

*Anchorage Recovery Center partners with Alaska Medicaid, various private insurance providers, and offers self-pay options*

## ABOUT THE PROGRAM

### **ASAM Level 2.5 Partial Hospitalization Program (PHP)**

Treatment for substance use disorder and co-occurring mental health.

### **Low-barrier program**

Providers work with you to reach your treatment and recovery goals. You may remain in the program as long as you are participating and making progress. No drugs or alcohol is allowed on-site. Service animals only.

### **24/7 on-site Peer Support & Behavioral Health Technicians**

### **Off-site treatment activities**

The program offers a variety of off-site activities, weekend visitation, and off-site day passes to attend recovery meetings or religious functions.

### **Case management**

Case managers work with you towards long-term stability, permanent housing, employment, transportation, and more.
