All applicable worksheets in the workbook must be completed.

Customized workbooks of the application and/or unapproved (by MOA) modifications to the MOA workbook will not be accepted.

Minimally, this evidence should include:

- i. Provide credible third party detailed scope write-ups in accordance with 2 CFR 200, detailed cost estimates and narratives. The MOA must review and approve all scope write-ups and written cost estimates. If rehabilitation is proposed, a comprehensive property-inspection report in accordance with 24 CFR 93.301 to include health and safety; major systems; lead-based paint; accessibility; disaster mitigation; State and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; capital needs assessments; and broadband infrastructure. Provide

acceptable assurances using cash-flow analysis and narratives that applicant has adequate cash-flow for the duration of the project development period.

 - The amount of credit the investor is willing to purchase for the applicant's project;
 - The price-per-credit the investor anticipates offering for credits awarded to the project;

- v. Reasonable assurances that the project can be successfully implemented within the proposed time frame.

(9) Other Funding

Provide documentation that all funding sources have been confirmed and/or substantiated by written documentation. Written documentation may include award letters, offer letters, final term sheets, or other commitments which are conditioned upon receipt of the HTF funds. LIHTC applicants must have received a reservation from the Housing Credit Allocator and be able to provide a good faith offer of equity investment from an investor.

(10) Program income

Program income is to be remitted to Alaska Housing Finance Corporation.

(11) Market Analysis

All project proposals must have a completed and comprehensive Market Analysis documenting the demand and need for the proposed units. The analysis must include an assessment of the current market demand in the neighborhood in which the project will be located, the experience of the applicant, the financial capacity of the applicant, and firm written financial commitments for the

project.

At the minimum, the analysis shall address the following issues.

- i. Evaluate general demographic, economic, and housing conditions in the community.
- ii. Delineate the market area by identifying the geographic area from which the majority of a project's tenants are likely to come.
- iii. Quantify the pool of eligible tenants in terms of household size, age, income, and other relevant factors.
- iv. Analyze the competition by evaluating other housing opportunities with an emphasis on other affordable rental developments opportunities in the market area.
- v. Assess the market for the planned units and determine if there is sufficient demand to rent the HTF-assisted housing within 18 months of construction completion.
- vi. Evaluate the effective demand and the capture rate, usually expressed as a percentage (the project's units divided by the applicant pool). The capture rate is the percentage of likely eligible and interested households living nearby who will rent the units in the proposed project in order to fully occupy it.
- vii. Estimate the absorption period. Plan how many units can be successfully leased each month and how long it will take to achieve initial occupancy of the HTF units and stabilized occupancy for the project as a whole.

Independent or third-party studies are acceptable if they meet the standards above. Independent or third-party studies are not required, or may not be practical or cost effective for smaller projects. Program criteria may make simplified or in-house market assessment more appropriate. Assessments for projects serving special needs can often be completed using primary data from service providers whose existing client base will form the primary pool of potential tenants.

It is allowable in small projects, 1-4 units, with specifically targeted clients in a pre-approved pool, for the applicant to describe its marketing procedures. The description must ensure all units will be rented within 18 months of the completion of construction.

(12) Units

- i. For all projects with 5 or more units provide documentation that a minimum of 5% of the total unit count (fractional units rounded up), specifically equipped for persons with physical disabilities. All projects with 5 or more units must provide a minimum of 2% of the total unit count (fractional units rounded up), equipped for persons with sensory impairments. Separate units must satisfy these threshold conditions. Consequently, in a six-unit project at least one unit will need to be equipped for physical disabilities and a separate unit will also need to be equipped for persons with sensory impairments.
- ii. Provide documentation that all units will be constructed or rehabilitated to the applicable standard as required by the specific program under which funds are

requested and must meet the requirements of the funding program and any of the following applicable laws:

1. Americans with Disabilities Act
 2. U.S. Fair Housing Amendments Act of 1989

- iii. Provide documentation that the project will exclusively use certified Energy Star appliances.
 - iv. Provide documentation that all medicine cabinets in the project must include locking mechanisms.
 - v. For projects with units accessible through common hallways provide documentation that units will have secured entryways.
 - vi. Provide documentation that all projects targeting families with children must have a recreation area on-site for children which is designed and equipped with age appropriate equipment. The play area and its associated access route(s) must be compliant with the Americans with Disabilities Act.

(13) Capital Needs Assessment

Provide a Capital Needs Assessment for all new construction and/or rehabilitation projects. Provide an assessment of the long-term physical needs of the project including all capital assets. In undertaking a Capital Needs Assessment, first identify the useful life of each asset. Then, calculate the payment stream necessary to replace each asset using the time-value of money. The applicant must insure the useful life of the project will exceed the compliance period for the project.

(14) Familiarity

Demonstrate applicant familiarity with the requirements of other Federal, State, or local housing programs that may be used in conjunction with HTF funds to ensure compliance with all applicable requirements and regulations of such programs.

(15) Experience and Capacity

The Applicant shall have under contract all team members (A&E, attorneys, general contractor, etc.) necessary to undertake the project prior to submitting the application. Provide information demonstrating experience and capacity of applicant to conduct an eligible HTF activity as evidenced by its ability to own, construct or rehabilitate, manage, and operate an affordable multifamily rental housing development.

Resumes Required for:

- i. Property Management firm’s key staff
- ii. Programmatic operations team participants

Provide a list of all projects which have been developed in the State of Alaska by the applicant or developer. Include location, # of units, year developed and project status. Provide a brief narrative statement describing the experience the development team has in developing similar projects. Address both the organizational experience and the experience of specific individuals who will be involved in this project.

Provide a summary of the property management plan and the team’s experience in managing similar projects. Indicate if team members are paid staff, hired consultants, or volunteers.

Provide a list of any other similar projects that are or will be ongoing during the timeframe of this project. Demonstrate how both projects can be undertaken with current resources.

Applicants for HTF funds must provide evidence of site control that is consistent with Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Specifically, the site control for a HTF funded project must evidence the appropriate notices regarding voluntary sale terms and the fair market value of the property being sold.

(19) Displacement and Relocation Assistance Plan

Provide an Anti-Displacement and Relocation Assistance Plan for all applications which propose to undertake an activity which will involve acquisition or rehabilitation of a property occupied by a “person” other than the owner of that property (i.e., tenant, [including an individual, business or non-profit organization]). Provide copies of all tenant notifications, evidence of tenant notification (such as return receipt or other signature of delivery and receipt by tenant) and copy of tenant roll (as applicable).

required to adopt and follow the affirmative marketing procedures and requirements. The Affirmative Marketing Plan shall include the following:

- ii. Requirements and practices the grantee and owner must adhere to in order to carry out the Applicant's affirmative marketing procedures and requirements (e.g., use of commercial media, use of community contacts, use of the Equal Housing Opportunity logo- type or slogan, and display of fair housing poster);
- iii. Procedures to be used by the Applicant to inform and solicit applications from persons in the housing market area who are not likely to apply for the rental housing without special outreach (e.g., through the use of community organizations, places of worship, employment centers, fair housing groups, or housing counseling agencies);
- iv. Records that will be kept describing actions taken by the applicant to affirmatively market rental housing units and records to assess the results of these actions; and
- v. The MOA will annually assess the success of affirmative marketing actions of the applicant and take corrective actions where affirmative marketing requirements are not met up to and including payback.

(21) Utilities

If any utilities other than telephone will be paid directly by the tenant, attach the utility allowance you will use to determine the amount of rent the tenant will pay and list all tenant paid utilities.

c. Description of the selection criteria that the MOA will use to select applications submitted by eligible recipients.

The MOA will score the applications that meet the requirements in b above.

Scoring the Evaluation Criteria

Below are the methodologies utilized in scoring the criteria. If a criterion is not discussed, then it will receive either all or none of the points available.

Some criteria will be scored using a mathematical formula. For example, under Project Description, the first criterion is "Target Clientele - percent of project 30% or less". This will be a straight mathematical formula where the number of households at 30% or less than the median income is divided by the total number of households. The product will be multiplied by the total points available. This methodology will be used for the following criteria.

- Project Description, Target Clientele - percent of project 30% or less
- Project Review, Percentage of Sources Committed

- Leverage, Percent to HTF funds

Other criteria are subjectively scored. Each evaluator will employ a rating scale of 0 to 100% by 10% increments, to which the total available points will be multiplied and carried to 2 decimal points. For example, under Organizational Capacity, the Development Team has a total available score of 10 points. If a reviewer rated the criterion as earning 90%, the points earned would be $.9 \times 10 = 9$ points. The following criteria will be subjectively scored.

- Market Assessment of the Demand in the Neighborhood
- Project Description, Supporting Housing Services
- Organizational Capacity, Development Team
- Organizational Capacity, Similar Completed Projects
- Organizational Capacity, Project Management Team
- Organizational Capacity, Property Management Team
- Organizational Capacity, Organizational Financial Capacity
- Project Review, (All)

Lastly, Leverage criterion will compare the amount of HTF leverage (as determined by Municipal staff) among the proposals. The proposal offering the most leverage will receive the full 10 points. The proposal with the next highest amount of leverage will receive 8 points, and so on.

d. Description of the MOA's required priority for funding based on geographic diversity (as defined in the consolidated plan).

The MOA has designated the entire city as the target area. This allows low-income households to live in any neighborhood and still be eligible to receive assistance from programs based on income. The MOA will not prioritize the allocating of investments geographically as there is a great need for all programs citywide. To do so would prohibit individuals or families from participation in housing or programs based on where they reside.

e. Description of the MOA's required priority for funding based on the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner.

The largest amount of points available are for organizational capacity (25 points) and project review (55 points). There are also 10 points available based on the project timeline. These three items will be used to determine the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner.

f. Description of the MOA's required priority for funding based on the extent to which the rental project has Federal, State, or local project-based rental assistance so that rents are affordable to extremely low-income families.

HTF funds will be made available through a special RFP. Proposals using HTF funds with project based rental assistance will receive scoring priority over proposals using HTF funds that do not include project based rental assistance.

g. Description of the MOA's required priority for funding based on the financial feasibility of the project beyond the required 30-year period.

The MOA does not have any priorities for funding based on the financial feasibility of the project beyond the required 30-year period.

h. Description of the MOA's required priority for funding based on the merits of the application in meeting the priority housing needs of the MOA (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations).

The merits of the application in meeting the MOA's priority housing needs are rental housing projects that:

- (i) Creation of new units, either new construction or rehabilitation;
- (ii) Have units that provide better amenities;
- (iii) Target clientele whose income does not exceed 30% of the area median income, adjusted for family size;
- (iv) Target tenants that are homeless or at-risk families.

i. Description of the MOA's required priority for funding based on the extent to which the application makes use of non-federal funding sources.

The MOA has allocated 10 points for projects that use non-federal funds.

3. The MOA's application requires the applicant to include a description of the eligible activities to be conducted with HTF funds.

4. The MOA’s application requires that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements.

5. Performance Goals and Benchmarks- §91.220(I)(5)(C)

The MOA has met the requirement to provide for performance goals and benchmarks against which the MOA will measure its progress, consistent with the MOA's goals established under 24 CFR 91.315(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

6. Maximum Per-unit Development Subsidy Amount- §91.220(I)(5) and §93.300(a)

Enter or attach the MOA’s maximum per-unit development subsidy limits for housing assisted with HTF funds.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the MOA will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME’s maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

The following was provided to the MOA by the local HUD CPD office. The current (calculated from Section 234 basic limits published May 2017), Anchorage maximum per unit subsidy limits for HOME program:

- 0 Bedrooms \$141,088
- 1 Bedroom \$161,738
- 2 Bedrooms \$196,672
- 3 Bedrooms \$254,431
- 4+ Bedrooms \$279,285

7. Rehabilitation Standards - §91.220(I)(5)(D) and §93.301(b)

The MOA must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing must meet upon project completion. The MOA’s description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. At a minimum, the rehabilitation standards must address:

- (i) Health and safety;
- (ii) Major systems;
- (iii) Lead-Based Paint;
- (iv) Accessibility;
- (v) Disaster mitigation;
- (vi) State and local codes, ordinances, and zoning requirements;

- (vii) Inspectable Areas and Observable Deficiencies from HUD’s Uniform Physical Condition Standards identified by HUD as applicable to HTF-assisted housing; and
- (viii) Capital Needs Assessments (if applicable).

See attached the MOA’s rehabilitation standards.

8. Resale or Recapture Guidelines- §91.220(l)(5)(E) and §93.304(f)

The MOA will not use HTF funds to assist first-time homebuyers.

9. HTF Affordable Homeownership Limits- §91.220(l)(5)(F) and §93.305

The MOA will not use HTF funds to assist first-time homebuyers.

10. MOA Limited Beneficiaries or Preferences- §91.220(l)(5)(G)

Describe how the MOA will limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population to serve unmet needs identified in its consolidated plan or annual action plan. If the MOA will not limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population, enter “N/A”.

Any limitation or preference must not violate nondiscrimination requirements in §93.350, and the MOA must not limit or give preferences to students. The MOA may permit rental housing owners to limit tenants or give a preference in accordance with §93.303(d)(3) only if such limitation or preference is described in the action plan.

N/A

11. Refinancing of Existing Debt- §91.220(l)(5)(H) and §93.201(b)

The MOA will not refinance existing debt.
